Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 19th December 1895, corresponding with 5th Pous 1302 (B.S.).

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

- 1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale:—

The Indian Law Reports.

Published under Authority.

The Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1896 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 19th December 1895, corresponding with 5th Pous 1302 (B.S.).

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

- 1st.—The estate to be sold to the highest bidder above the upset-price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale:—

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Shahabad Collectorate, Arrah, the 14th December 1895.

UMESH CH. SEN, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Pabna, will be put up to sale at the Pabna Collectorate on the 14th February 1896, corresponding with 3rd Falgun 1302 (B. S.).

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

- 1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary rights of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1896 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

ACT No. V OF 1895.

An Act to provide for the segregation of pauper lepers, and the control of lepers exercising certain trades.

WHEREAS it is expedient to provide for the segregation of pauper lepers, and to regulate the exercise by lepers of certain trades or callings; It is hereby enacted as follows:—

1. This Act may be called "the Lepers Act, 1895." It shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

2. In this Act—

"Leper" means any person suffering from any variety of leprosy in whom the process of ulceration has commenced.

"Pauper leper" means a leper (a) who has in a public place solicited alms, exposed or exhibited any sores, wounds, bodily ailment or deformity with the object of exciting charity, or of obtaining alms, or (b) who is at large without any ostensible means of subsistence.

3. The Local Government may, from time to time, by notification published in the *Calcutta Gazette*, declare any place to be a leper asylum, and may define the local areas from which lepers may be sent to such asylum, and may alter or cancel such notification.

Local Government may create leper asylums.

4. Notwithstanding anything in any enactment with respect to the purposes to which the funds or other property of a local authority may be applied, any Council, Board, Committee, Corporation or other body having authority over such local fund may—

Power of local authorities to expend funds and appropriate property to asylums.

(a) Establish or maintain, or establish and maintain, or contribute towards the cost of the establishment or maintenance, or the establishment and maintenance of a leper asylum either within or without the local limits of such local authority.

(b) With the previous sanction of the Local Government and subject to such condition as that Government may prescribe, appropriate any immovable property vested in, or under the control of, such body, as a site for, or for use as, a leper asylum.

5. The Local Government may appoint any Medical Officer, either by name or by virtue of his office, to be an Inspector of Lepers and any person to be a Superintendent of a Leper Asylum, with such establishment as may be necessary, and such persons shall be deemed to be public servants within the meaning of section twenty-one of the Indian Penal Code.

Appointment of Inspectors of Lepers and Superintendents of Asylums.

6. The Local Government shall appoint for every leper asylum a Board consisting of not less than three members, one of whom at least shall be a medical officer.

Appointment of Board.

7. Within any local area which has been notified under section three of this Act, any police officer may arrest without a warrant any person who appears to him to be a pauper leper.

Arrest of pauper lepers.

8. Any person so arrested as a pauper leper shall forthwith be taken before an Inspector of Lepers, who,

Person arrested how to be dealt with.

(a) if he finds that such person is not a leper, within the meaning of section two, shall give to him a certificate in the form (A) provided in the schedule, and he shall forthwith be discharged;

(b) if he finds that such person is a leper, within the meaning of section two, shall give to the person in whose custody the leper is a certificate in the form (B) provided in the schedule, and the leper shall, without unnecessary delay, and within twenty-four hours, exclusive of the time necessary for the journey from the place of arrest to the

Inspector of Lepers, and thence to the Magistrate's Court, be taken before a Magistrate having jurisdiction under this Act.

9. When it appears to any Magistrate, authorized in this behalf by the Local Government, upon the certificate in writing, in the form (B) provided in the schedule, of an Inspector of Lepers, that any person is a leper; and if it further appears to such Magistrate that such person is a pauper leper, he shall, after recording the evidence and his order thereon, send such pauper leper in charge of a police officer together with an order, in writing, in the form (C) provided in the schedule, signed by him and bearing the seal of the Court, to a leper asylum, where such pauper leper shall be detained until discharged by order of the Board.

Procedure with regard to pauper lepers.

10. Two or more members of the Board, one of whom shall be a medical officer, shall, once at least in every month, together inspect the leper asylum for which they are appointed, and see and examine (a) every pauper leper therein admitted since the last inspection, together with the order for his admission, and (b) as far as circumstances will permit, every other pauper leper therein, and shall enter in a book to be kept for the purpose any remarks which they may deem proper in regard to the management and condition of the asylum and the pauper lepers therein.

Inspection by Board.

11. It shall be lawful for two members of the Board of any leper asylum, of whom one shall be a medical officer, at any time, by an order in writing, in the form (D) provided in the schedule, signed by them, to direct the discharge of a pauper leper from a leper asylum.

Order of discharge by Board.

12. It shall be lawful for the Commissioners of any municipality at a meeting, from time to time, to make, repeal and alter bye-laws, subject to the confirmation of the Local Government, prohibiting any person who is reasonably believed to be a leper from carrying on any specified trade or calling within the limits of, or any specified limits within, the municipality, unless and until he has obtained from an Inspector of Lepers a certificate in the form (A) provided in the schedule. On conviction before a Magistrate of a breach of such bye-law, a fine may be inflicted not exceeding rupees twenty, and a fine of rupees ten for each day during which the offence is continued after conviction for such offence. The provisions of the Act under which the Commissioners are appointed and elected relating to bye-laws shall apply to any bye-law made, repealed or altered under this Act.

Power of Commissioners to make bye-laws with regard to lepers.

13. It shall be lawful for an Inspector of Lepers to require any person, whom he has reason to believe to be (a) a pauper leper, or (b) a leper carrying on any trade or calling within a municipality which it is unlawful for a leper to carry on, to afford him reasonable opportunity of satisfying himself whether

Power of Inspector of Lepers to inspect suspected persons.

such person is a leper or not, and such leper shall, when so required, be legally bound to afford an Inspector of Lepers such opportunity.

14. Any person other than a pauper leper, in respect of whom an Inspector of Lepers has issued a certificate in the form (B) provided in the schedule declaring him to be a leper, or has refused to issue a certificate in the form (A) provided in the schedule, may appeal to such officer as may be appointed by the Local Government to hear such appeals, and the decision of such officer shall be final.

15. (1) It shall be lawful for the Local Government from time to time to make, repeal and alter rules which shall be published in the *Calcutta Gazette*, (a) for the guidance of all or any of the officers discharging any duty under this Act, (b) for the management of and maintenance of discipline in a leper asylum, and (c) generally for carrying out the purposes of this Act.

(2) All proposed rules and every proposed repeal or alteration of any rule shall be published in the *Calcutta Gazette*, and all rules and the repeal or alteration of any rule subsequently published in the *Calcutta Gazette* not less than one month from the date of the last publication of the proposed rules or proposed repeal or alteration of any rule, shall have the force of law.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[First Publication.]

THE following Act, passed by the Lieutenant Governor of Bengal in Council, received the assent of His Honour on the 17th August, 1895, and having been assented to by His Excellency the Viceroy and Governor General on the 17th September, 1895, is hereby published for general information:—

ACT No. VI of 1895.

An Act to further amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to further amend the Calcutta Port Act, 1890;
Preamble. It is hereby enacted as follows:—

1. (1) This Act shall be read with, and taken as part of, the Calcutta Port Act, 1890.

(2) It shall come into force from the date on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. For section 35 of the said Act, as amended by section 4 of Act IV (B.C.) of 1895, the following shall be substituted, namely:—

35. The works to be constructed and carried out by the Commissioners, under the provisions of this Act, may include—
Works to be constructed and carried out by Commissioners.

(1) Docks, wharves, quays, stages, jetties and piers within the port, with all necessary and convenient arches, drains, landing-places, stairs, fences and approaches; and quarters and buildings necessary for the residence of the officers employed therefor.

(2) Railways.

(3) Warehouses and sheds, with all necessary appliances, for receiving and storing goods landed or to be shipped or carried, and places suitable for the sampling and selling of such goods.

(4) Laying down moorings for carrying out the purposes of this Act; and the erection of cranes, scales, and all other necessary means and appliances for loading and unloading vessels.

(5) Reclaiming, enclosing and raising any part of the river bank or the river bed within the port, which may be necessary for the execution of the works authorised by this Act, or otherwise for the purposes of this Act.

(6) The construction and application of dredges and other machines for clearing, deepening and improving the river bed within the port.

(7) The building of steam-vessels required for the purpose of towing vessels in the port.

(8) The construction of such works without the limits of the port, as shall be necessary for the protection of works executed under this Act; and all such other works and appliances as may, in the opinion of the Commissioners in meeting, be necessary for carrying out the purposes of this Act.

3. After section 66, the following sections shall be inserted:—

66A. (1) For the purposes of municipal assessment, in cases where any land vested in the Commissioners is let out to tenants and any building or structure is erected thereon by such tenants, the annual value of such building or structure, when erected, shall be 1 per cent. on the estimated present cost of erecting such building or structure, less a reasonable amount to be deducted on account of depreciation, if any.

(2) The buildings and structures in each holding, as recorded in the rent register of the Commissioners shall be separately valued and assessed.

66B. Such building or structure may be valued annually at the discretion of the Corporation of Calcutta, and shall be so valued on the application of the owner. When not so valued, the former valuation shall remain in force from year to year, until a revaluation is made.

66C. The sum to be paid to the Corporation of Calcutta as the consolidated rate payable on the annual value of such building or structure as determined in accordance with the provisions of the last preceding section shall be the total amount of the rates fixed under section 71 of the Calcutta Municipal Consolidation Act, 1888.

66D. The Corporation of Calcutta, by a notice in writing, may require the owner of any such building or structure to furnish them with returns of the measurements thereof; and the Corporation of Calcutta or any person authorized by them in that behalf may, at any time between the hour of seven in the forenoon and sunset, enter on and inspect, survey and measure such building or structure, after giving to such owner a notice in writing of their intention, not less than twenty-four hours previous to such entry and inspection.

66E. Whoever refuses or fails to furnish any such return for the space of one week from the day, on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs or prevents the Corporation of Calcutta, or any person appointed by the Corporation of Calcutta, as aforesaid, from entering, inspecting, surveying or measuring any such building or structure shall be liable to a fine not exceeding Rs. 200 for every such offence.

66F. (1) Before valuing any such building or structure in accordance with the provisions of section 66B, the Corporation of Calcutta shall give notice to the Commissioners and the owner that on or after a date not less than fifteen days from the receipt of such notice by the Commissioners and the owner, such valuation will be made.

(2) If the valuation so made exceeds the previous valuation, the Corporation of Calcutta shall include in the special notice provided for in section 66K(3) full details of the amount of such valuation.

66G. If the owner of any building or structure is dissatisfied with a valuation made under the provisions of section 66A to section 66F (both inclusive), he shall, within fifteen days after the receipt of the special notice referred to in sections 66F and 66K, deliver at the office of the Corporation of Calcutta a notice in writing stating the grounds of his objection.

66H. (1) All such objections shall be entered in a register to be maintained for the purpose, and on receipt of any objection, notice shall be given to the objector of a day and place, when his objection will be investigated.

(2) On the day and place notified, the Chairman or Vice-Chairman of the Corporation shall hear the objection and such hearing shall be in the presence of the objector, if he shall appear; the Chairman or Vice-Chairman of the Corporation may also for reasonable cause at any time adjourn the investigation.

(3) The order passed on such objection shall be recorded in the register of objections, together with the date of such order.

66I. (1) The owner of such building or structure, if dissatisfied with the order passed on his objection, may appeal to the Court of Small Causes having jurisdiction in the place where such building or structure is situated. Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as herebefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(4) The assessment calculated on the said valuation shall, subject to such alterations as aforesaid, be deemed to be the amount payable during the whole period for which the valuation is in force, and this period shall be calculated from the commencement of the quarter next succeeding that in which any alterations as aforesaid shall have been made, and, until such date, the old valuation shall continue in force, notwithstanding that the period for which it was made may have expired.

66L. (1) The Corporation of Calcutta may, after giving notice to the Commissioners and the owner of such building or structure in the manner provided in section 66D, at any time amend the assessment-book, by inserting there—

(a) the name of any person whose name ought to be so inserted; or

- (b) the description of any building or structure hereinbefore mentioned liable to any such rate; or

- (c) the valuation when such building or structure has not already been valued.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Payment of rate by the Commissioners to Corporation.
Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

(3) All sums so due shall be recovered and collected by the Commissioners, together with the rent payable to them by such tenants or owners in respect of such land or any such building or structure.

(4) For the purpose of recovering such sums, the Commissioners shall have the same remedies, powers, rights and authorities as if such rates were rent recoverable by them.

4. For section 105 of the said Act, the following shall be substituted, namely:—

105. The Commissioners shall also frame a scale of charges for any services to be performed by the Commissioners or their servants in respect of any vessel or goods, or for the use of any works or appliances to be provided by the Commissioners.

5. For section 115 of the said Act, as amended by section 14 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

115. (1) If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any dock, wharf, quay, stage, jetty or pier belonging to the Commissioners, shall give to the Commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the shipowner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien (if any) for such charges as they were subject to before the landing thereof.

(2) Such goods shall be retained either in the warehouses and sheds of the Commissioners or in warehouses licensed under section 16 of the Sea Customs Act, 1878, or, with the consent of the Chief Officer of Customs, in the public warehouses, at the risk and expense of the owners of the goods, until the lien is discharged, as hereinafter mentioned.

6. For section 126 of the said Act, as amended by section 16 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

126. (1) It shall be lawful for the Commissioners in meeting, from time to time, to make such bye-laws consistent with this Act and with the Indian Ports Act, 1889, as they may think necessary, for any of the following purposes (that is to say):—

- (a) For regulating, declaring and defining the docks, wharves, quays, stages, jetties and piers, on and from which goods shall be landed from and shipped in vessels within the port;
- (b) for regulating the manner in which and the conditions under which the loading and discharging of all vessels within the port shall be carried out;
- (c) for the safe and convenient use of such docks, wharves, quays, stages, jetties, and piers, and of landing-places, warehouses, warehouses licensed under section 16 of the Sea Customs Act, 1878, sheds and other works in and adjoining the same;
- (d) for regulating the reception and removal of goods within and from the premises of the Commissioners, and for declaring the procedure to be followed for taking charge of goods which may have been damaged before landing, or may be alleged to be so damaged;
- (e) for the mode of payment of tolls, dues, rates and charges levied under this Act;
- (f) for the removal of wrecks from the port or the river, and keeping clean the port, the river, the bank of the river, and the works of the Commissioners, and for preventing filth and rubbish being thrown therein or thereon;

- (g) for regulating the hours during which European seamen and apprentices shipped on the same footing as European seamen may be employed on board ships lying in the port, or on docks, wharves, quays, stages, jetties and piers, in work necessitating exposure to the sun;
- (h) for the guidance of persons employed by them under this Act; and
- (i) for otherwise carrying out the purposes of this Act.

(2) The Commissioners in meeting may, from time to time, repeal, alter, or add to, any bye-law made under this section.

(3) No bye-law, repeal or alteration of any bye-law shall have effect, until the same is confirmed by the Local Government.

(4) No bye-law, and no repeal or alteration of, or addition to, any bye-law shall be confirmed, until the same has been published in three consecutive numbers of the Calcutta Gazette.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

THE following Act, passed by the Lieutenant Governor of Bengal in Council, received the assent of His Honour on the 17th August, 1895, and having been assented to by His Excellency the Viceroy and Governor General on the 17th September, 1895, is hereby published for general information:—

ACT No. VI of 1895.

An Act to further amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to further amend the Calcutta Port Act, 1890;
Preamble. It is hereby enacted as follows:—

1. (1) This Act shall be read with, and taken as part of, the Calcutta Port Act, 1890.

(2) It shall come into force from the date on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. For section 35 of the said Act, as amended by section 4 of Act IV (B.C.) of 1895, the following shall be substituted, namely:—

35. The works to be constructed and carried out by the Commissioners, under the provisions of this Act, may include—

(1) Docks, wharves, quays, stages, jetties and piers within the port, with all necessary and convenient arches, drains, landing-places, stairs, fences and approaches; and quarters and buildings necessary for the residence of the officers employed therefor.

(2) Railways.

(3) Warehouses and sheds, with all necessary appliances, for receiving and storing goods landed or to be shipped or carried, and places suitable for the sampling and selling of such goods.

(4) Laying down moorings for carrying out the purposes of this Act; and the erection of cranes, scales, and all other necessary means and appliances for loading and unloading vessels.

(5) Reclaiming, enclosing and raising any part of the river bank or the river bed within the port, which may be necessary for the execution of the works authorised by this Act, or otherwise for the purposes of this Act.

(6) The construction and application of dredges and other machines for clearing, deepening and improving the river bed within the port.

(7) The building of steam-vessels required for the purpose of towing vessels in the port.

(8) The construction of such works without the limits of the port, as shall be necessary for the protection of works executed under this Act; and all such other works and appliances as may, in the opinion of the Commissioners in meeting, be necessary for carrying out the purposes of this Act.

3. After section 66, the following sections shall be inserted:—

66A. (1) For the purposes of municipal assessment, in cases where any land vested in the Commissioners is let out to tenants and any building or structure is erected thereon by such tenants, the annual value of such building or structure, when erected, shall be 5 per cent. on the estimated present cost of erecting such building or structure, less a reasonable amount to be deducted on account of depreciation, if any.

(2) The buildings and structures in each holding, as recorded in the rent register of the Commissioners shall be separately valued and assessed.

66B. Such building or structure may be valued annually at the discretion of the Corporation of Calcutta, and shall be so valued on the application of the owner. When not so valued, the former valuation shall remain in force from year to year, until a revaluation is made.

66C. The sum to be paid to the Corporation of Calcutta as the consolidated rate payable on the annual value of such building or structure as determined in accordance with the provisions of the last preceding section shall be the total amount of the rates fixed under section 71 of the Calcutta Municipal Consolidation Act, 1888.

66D. The Corporation of Calcutta, by a notice in writing, may require the owner of any such building or structure to furnish them with returns of the measurements thereof; and the Corporation of Calcutta or any person authorized by them in that behalf may, at any time between the hour of seven in the forenoon and sunset, enter on and inspect, survey and measure such building or structure, after giving to such owner a notice in writing of their intention, not less than twenty-four hours previous to such entry and inspection.

66E. Whoever refuses or fails to furnish any such return for the space of one week from the day, on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs or prevents the Corporation of Calcutta, or any person appointed by the Corporation of Calcutta, as aforesaid, from entering, inspecting, surveying or measuring any such building or structure shall be liable to a fine not exceeding Rs. 200 for every such offence.

66F. (1) Before valuing any such building or structure in accordance with the provisions of section 66B, the Corporation of Calcutta shall give notice to the Commissioners and the owner that on or after a date not less than fifteen days from the receipt of such notice by the Commissioners and the owner, such valuation will be made.

(2) If the valuation so made exceeds the previous valuation, the Corporation of Calcutta shall include in the special notice provided for in section 66K(3) full details of the amount of such valuation.

66G. If the owner of any building or structure is dissatisfied with a valuation made under the provisions of section 66A to section 66F (both inclusive), he shall, within fifteen days after the receipt of the special notice referred to in sections 66F and 66K, deliver at the office of the Corporation of Calcutta a notice in writing stating the grounds of his objection.

66H. (1) All such objections shall be entered in a register to be maintained for the purpose, and on receipt of any objection, notice shall be given to the objector of a day and place, when his objection will be investigated.

(2) On the day and place notified, the Chairman or Vice-Chairman of the Corporation shall hear the objection and such hearing shall be in the presence of the objector, if he shall appear; the Chairman or Vice-Chairman of the Corporation may also for reasonable cause at any time adjourn the investigation.

(3) The order passed on such objection shall be recorded in the register of objections, together with the date of such order.

66I. (1) The owner of such building or structure, if dissatisfied with the order passed on his objection, may appeal to the Court of Small Causes having jurisdiction in the place where such building or structure is situated. Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as herebefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(4) The assessment calculated on the said valuation shall, subject to such alterations as aforesaid, be deemed to be the amount payable during the whole period for which the valuation is in force, and this period shall be calculated from the commencement of the quarter next succeeding that in which any alterations as aforesaid shall have been made, and, until such date, the old valuation shall continue in force, notwithstanding that the period for which it was made may have expired.

66L. (1) The Corporation of Calcutta may, after giving notice to the Commissioners and the owner of such building or structure in the manner provided in section 66D, at any time amend the assessment-book, by inserting therein—

(a) the name of any person whose name ought to be so inserted; or

(b) the description of any building or structure hereinbefore mentioned liable to any such rate; or

(c) the valuation when such building or structure has not already been valued.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

(3) All sums so due shall be recovered and collected by the Commissioners, together with the rent payable to them by such tenants or owners in respect of such land or any such building or structure.

(4) For the purpose of recovering such sums, the Commissioners shall have the same remedies, powers, rights and authorities as if such rates were rent recoverable by them.

4. For section 105 of the said Act, the following shall be substituted, namely:—

105. The Commissioners shall also frame a scale of charges for any services to be performed by the Commissioners or their servants in respect of any vessel or goods, or for the use of any works or appliances to be provided by the Commissioners.

5. For section 116 of the said Act, as amended by section 14 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

116. (1) If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any dock, wharf, quay, stage, jetty or pier belonging to the Commissioners, shall give to the Commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the shipowner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien (if any) for such charges as they were subject to before the landing thereof.

(2) Such goods shall be retained either in the warehouses and sheds of the Commissioners or in warehouses licensed under section 16 of the Sea Customs Act, 1878, or, with the consent of the Chief Officer of Customs, in the public warehouses, at the risk and expense of the owners of the goods, until the lien is discharged, as hereinafter mentioned.

6. For section 126 of the said Act, as amended by section 16 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

126. (1) It shall be lawful for the Commissioners in meeting, from time to time, to make such bye-laws consistent with this Act and with the Indian Ports Act, 1889, as they may think necessary, for any of the following purposes (that is to say):—

(a) For regulating, declaring and defining the docks, wharves, quays, stages, jetties and piers, on and from which goods shall be landed from and shipped in vessels within the port;

(b) for regulating the manner in which and the conditions under which the loading and discharging of all vessels within the port shall be carried out;

(c) for the safe and convenient use of such docks, wharves, quays, stages, jetties, and piers, and of landing-places, warehouses, warehouses licensed under section 16 of the Sea Customs Act, 1878, sheds and other works in and adjoining the same;

(d) for regulating the reception and removal of goods within and from the premises of the Commissioners, and for declaring the procedure to be followed for taking charge of goods which may have been damaged before landing, or may be alleged to be so damaged;

(e) for the mode of payment of tolls, dues, rates and charges levied under this Act;

(f) for the removal of wrecks from the port or the river, and keeping clean the port, the river, the bank of the river, and the works of the Commissioners, and for preventing filth and rubbish being thrown therein or thereon;

- (g) for regulating the hours during which European seamen and apprentices shipped on the same footing as European seamen may be employed on board ships lying in the port, or on docks, wharves, quays, stages, jetties and piers, in work necessitating exposure to the sun;
- (h) for the guidance of persons employed by them under this Act; and
- (i) for otherwise carrying out the purposes of this Act.

(2) The Commissioners in meeting may, from time to time, repeal, alter, or add to, any bye-law made under this section.

(3) No bye-law, repeal or alteration of any bye-law shall have effect, until the same is confirmed by the Local Government.

(4) No bye-law, and no repeal or alteration of, or addition to, any bye-law shall be confirmed, until the same has been published in three consecutive numbers of the Calcutta Gazette.

THE following Act, passed by the Lieutenant Governor of Bengal in Council, received the assent of His Honour on the 17th August, 1895, and having been assented to by His Excellency the Viceroy and Governor General on the 17th September, 1895, is hereby published for general information:—

ACT No. VI of 1895.

An Act to further amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to further amend the Calcutta Port Act, 1890;

Preamble. It is hereby enacted as follows:—

1. (1) This Act shall be read with, and taken as part of, the Calcutta Port Act, 1890.

(2) It shall come into force from the date on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. For section 35 of the said Act, as amended by section 4 of Act IV (B.C.) of 1895, the following shall be substituted, namely:—

35. The works to be constructed and carried out by the Commissioners, under the provisions of this Act, may include—

Works to be constructed and carried out by Commissioners.

(1) Docks, wharves, quays, stages, jetties and piers within the port, with all necessary and convenient arches, drains, landing-places, stairs, fences and approaches; and quarters and buildings necessary for the residence of the officers employed therefor.

(2) Railways.

(3) Warehouses and sheds, with all necessary appliances, for receiving and storing goods landed or to be shipped or carried, and places suitable for the sampling and selling of such goods.

(4) Laying down moorings for carrying out the purposes of this Act; and the erection of cranes, scales, and all other necessary means and appliances for loading and unloading vessels.

(5) Reclaiming, enclosing and raising any part of the river bank or the river bed within the port, which may be necessary for the execution of the works authorised by this Act, or otherwise for the purposes of this Act.

(6) The construction and application of dredges and other machines for clearing, deepening and improving the river bed within the port.

(7) The building of steam-vessels required for the purpose of towing vessels in the port.

(8) The construction of such works without the limits of the port, as shall be necessary for the protection of works executed under this Act; and all such other works and appliances as may, in the opinion of the Commissioners in meeting, be necessary for carrying out the purposes of this Act.

3. After section 66, the following sections shall be inserted:—

66A. (1) For the purposes of municipal assessment, in cases where any land vested in the Commissioners is let out to tenants and any building or structure is erected thereon by such tenants, the annual value of such building or structure, when erected, shall be 5 per cent. on the estimated present cost of erecting such building or structure, less a reasonable amount to be deducted on account of depreciation, if any.

(2) The buildings and structures in each housing, as recorded in the rent register of the Commissioners shall be separately valued and assessed.

66B. Such building or structure may be valued annually at the discretion of the Corporation of Calcutta, and shall be so valued on the application of the owner. When not so valued, the former valuation shall remain in force from year to year, until a revaluation is made.

66C. The sum to be paid to the Corporation of Calcutta as the consolidated rate payable on the annual value of such building or structure as determined in accordance with the provisions of the last preceding section shall be the total amount of the rates fixed under section 71 of the Calcutta Municipal Consolidation Act, 1888.

66D. The Corporation of Calcutta, by a notice in writing, may require the owner of any such building or structure to furnish them with returns of the measurements thereof; and the Corporation of Calcutta or any person authorized by them in that behalf may, at any time between the hour of seven in the forenoon and sunset, enter on and inspect, survey and measure such building or structure, after giving to such owner a notice in writing of their intention, not less than twenty-four hours previous to such entry and inspection.

66E. Whoever refuses or fails to furnish any such return for the space of one week from the day, on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs or prevents the Corporation of Calcutta, or any person appointed by the Corporation of Calcutta, as aforesaid, from entering, inspecting, surveying or measuring any such building or structure shall be liable to a fine not exceeding Rs. 200 for every such offence.

66F. (1) Before valuing any such building or structure in accordance with the provisions of section 66B, the Corporation of Calcutta shall give notice to the Commissioners and the owner that on or after a date not less than fifteen days from the receipt of such notice by the Commissioners and the owner, such valuation will be made.

(2) If the valuation so made exceeds the previous valuation, the Corporation of Calcutta shall include in the special notice provided for in section 66K(3) full details of the amount of such valuation.

66G. If the owner of any building or structure is dissatisfied with a valuation made under the provisions of section 66A to section 66F (both inclusive), he shall, within fifteen days after the receipt of the special notice referred to in sections 66F and 66K, deliver at the office of the Corporation of Calcutta a notice in writing stating the grounds of his objection.

66H. (1) All such objections shall be entered in a register to be maintained for the purpose, and on receipt of any objection, notice shall be given to the objector of a day and place, when his objection will be investigated.

(2) On the day and place notified, the Chairman or Vice-Chairman of the Corporation shall hear the objection and such hearing shall be in the presence of the objector, if he shall appear; the Chairman or Vice-Chairman of the Corporation may also for reasonable cause at any time adjourn the investigation.

(3) The order passed on such objection shall be recorded in the register of objections, together with the date of such order.

66I. (1) The owner of such building or structure, if dissatisfied with the order passed on his objection, may appeal to the Court of Small Causes having jurisdiction in the place where such building or structure is situated. Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as hereinbefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(4) The assessment calculated on the said valuation shall, subject to such alterations as aforesaid, be deemed to be the amount payable during the whole period for which the valuation is in force, and this period shall be calculated from the commencement of the quarter next succeeding that in which any alterations as aforesaid shall have been made, and, until such date, the old valuation shall continue in force, notwithstanding that the period for which it was made may have expired.

66L. (1) The Corporation of Calcutta may, after giving notice to the Commissioners and the owner of such building or structure in the manner provided in section 66D, at any time amend the assessment-book, by inserting therein—

(a) the name of any person whose name ought to be so inserted; or

(b) the description of any building or structure hereinbefore mentioned liable to any such rate; or

(c) the valuation when such building or structure has not already been valued.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

(3) All sums so due shall be recovered and collected by the Commissioners, together with the rent payable to them by such tenants or owners in respect of such land or any such building or structure.

(4) For the purpose of recovering such sums, the Commissioners shall have the same remedies, powers, rights and authorities as if such rates were rent recoverable by them.

4. For section 105 of the said Act, the following shall be substituted, namely:—

105. The Commissioners shall also frame a scale of charges for any services to be performed by the Commissioners or their servants in respect of any vessel or goods, or for the use of any works or appliances to be provided by the Commissioners.

5. For section 116 of the said Act, as amended by section 14 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

116. (1) If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any dock, wharf, quay, stage, jetty or pier belonging to the Commissioners, shall give to the Commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the shipowner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien (if any) for such charges as they were subject to before the landing thereof.

(2) Such goods shall be retained either in the warehouses and sheds of the Commissioners or in warehouses licensed under section 16 of the Sea Customs Act, 1878, or, with the consent of the Chief Officer of Customs, in the public warehouses, at the risk and expense of the owners of the goods, until the lien is discharged, as hereinafter mentioned.

6. For section 126 of the said Act, as amended by section 16 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

126. (1) It shall be lawful for the Commissioners in meeting, from time to time, to make such bye-laws consistent with this Act and with the Indian Ports Act, 1889, as they may think necessary, for any of the following purposes (that is to say):—

(a) For regulating, declaring and defining the docks, wharves, quays, stages, jetties and piers, on and from which goods shall be landed from and shipped in vessels within the port;

(b) for regulating the manner in which and the conditions under which the loading and discharging of all vessels within the port shall be carried out;

(c) for the safe and convenient use of such docks, wharves, quays, stages, jetties, and piers, and of landing-places, warehouses, warehouses licensed under section 16 of the Sea Customs Act, 1878, sheds and other works in and adjoining the same;

(d) for regulating the reception and removal of goods within and from the premises of the Commissioners, and for declaring the procedure to be followed for taking charge of goods which may have been damaged before landing, or may be alleged to be so damaged;

(e) for the mode of payment of tolls, dues, rates and charges levied under this Act;

(f) for the removal of wrecks from the port or the river, and keeping clean the port, the river, the bank of the river, and the works of the Commissioners, and for preventing filth and rubbish being thrown therein or thereon;

- (g) for regulating the hours during which European seamen and apprentices shipped on the same footing as European seamen may be employed on board ships lying in the port, or on docks, wharves, quays, stages, jetties and piers, in work necessitating exposure to the sun;
- (h) for the guidance of persons employed by them under this Act; and
- (i) for otherwise carrying out the purposes of this Act.

CALCUTTA,

The 11th October, 1895.

(2) The Commissioners in meeting may, from time to time, repeal, alter, or add to, any bye-law made under this section.

(3) No bye-law, repeal or alteration of any bye-law shall have effect, until the same is confirmed by the Local Government.

(4) No bye-law, and no repeal or alteration of, or addition to, any bye-law shall be confirmed, until the same has been published in three consecutive numbers of the Calcutta Gazette.

SCHEDULE.

ACT NO. VIII OF 1895.

An Act to facilitate the construction of drainage works for improving the sanitary condition of local areas.

WHEREAS it is expedient to facilitate the construction of drainage works for improving the sanitary condition of local areas within the territories administered by the Lieutenant-Governor of Bengal, and to lay down a procedure therefor, other than that provided by section 37B of the Bengal Municipal Act, 1884; It is enacted as follows:—

PART I.

CHAPTER I.

Preliminary.

1. (1) This Act may be called the Bengal Sanitary Drainage Act, 1895.
Short title, extent and commencement.
- (2) Except as hereinafter otherwise provided, it shall extend to all the territories administered by the Lieutenant-Governor of Bengal, which are not included within the limits of any Municipality.
- (3) And it shall come into force from the date, on which it may be published in the Calcutta Gazette with the assent of the Governor General.
2. In this Act, unless there be something repugnant in the subject or context,—
Definitions.
- (a) "cultivating raiyat" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (b) "estate" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;

- (c) "holder of an estate or tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880:
- (d) "local area" means the portion of a district or districts within which a rate is to be levied, in order to liquidate the cost of a scheme adopted by a District Board:
- (e) "tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880:
- (f) "the Collector" means, except as hereinafter provided, the officer in charge of the revenue jurisdiction of the district within which the lands, which form the subject of a scheme under this Act, are situated:
- (g) "the Commissioners" means the Drainage Commissioners under this Act:
- (h) "the Engineer" means the District Engineer or any Engineer especially appointed by the Local Government to perform the functions of an Engineer under this Act:
- (i) "tract" means the portion of a district or districts throughout which the Commissioners are authorised to exercise the functions conferred on them under this Act.

CHAPTER II.

Appointment of the Commissioners.

3. (1) Whenever an application is received from a District Board through the Collector and the Commissioner of the Division reporting that they believe that the sanitary condition of any tract within their jurisdiction has been deteriorated by the obstruction of drainage, whether from natural or artificial causes, the Local Government may—

- (a) issue, if it think fit, an order indicating approximately the area of the tract affected and prescribing the appointment of a number of persons, not less than nine, to be the Drainage Commissioners;
- (b) direct the District Board to elect not less than half of such number from among the members of the District or Local Board as the case may be;
- (c) appoint the remainder of the Commissioners from among the holders of estates and tenures in the tract affected or from among the managers on behalf of such holders.

(2) The Commissioners so created shall elect one of their number to act as Chairman.

4. (1) When an affected tract referred to in the last preceding section includes lands subject to the jurisdiction of more than one local authority, the Local Government, by an order made on the application of any District Board concerned, may constitute a Joint Committee to be elected by all the local authorities concerned; the number to be elected by each being determined by the Local Government as far as possible in proportion to the interest of such local authority in the tract affected.

(2) The Local Government may further confer on any Committee so constituted, or on such of

them as may be specified in the order, all the powers of a District Board under this Act; and such order may contain such provisions respecting the proceedings of any such Committee, as may seem proper, and may provide for the payment by the local authorities represented thereby of the expenses incurred by any such Committee and for the audit of their accounts.

5. The Local Government may from time to time accept the resignation of any of the Commissioners, or may add to their number; and in the event of any Commissioner dying, retiring, or ceasing to reside in the district, in which such tract is situated, the vacancy so caused shall thereupon be filled by appointment or by election, as the case may be; the conditions of the original appointment or election being in each case strictly observed:

Provided that not less than half the number of the Commissioners shall always be members of the District or Local Board, as the case may be.

PART II.

CHAPTER I.

Drainage Scheme.

6. (1) When the Commissioners have been appointed under section 3 or section 5, they shall, without delay, direct the Engineer to prepare a survey, plans and estimates (hereinafter called "the survey") for the restoration or improvement of the drainage of the tract found by him to be affected, and such survey shall be drawn up in accordance with rules to be framed under section 35(1a). On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

- (a) a statement descriptive of the proposed undertaking, and showing how the drainage is obstructed, with a map of the tract affected;
- (b) an estimate of the total cost of the undertaking, including the cost of any land to be acquired under section 16;
- (c) an estimate of the annual cost of maintaining the works:

Provided that, if the tract affected includes any municipal area, the estimate to be framed under clauses (b) and (c) of this section shall show separately the portion of the cost under each clause, which will be incurred in respect of such municipal area:

Provided further that, if one or more Municipalities fall within the tract, a separate estimate shall be framed of the cost of constructing and maintaining such portion of the works as lies within the area of any such Municipality.

(2) The Collector shall thereupon cause to be prepared—

- (a) a statement showing the valuation for cess purposes of the lands included in the tract affected, and the total amount of cesses actually payable on the same;

- (c) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction, such village, or any part thereof, is situated.

The Commissioners to consider the survey, preliminary scheme and objections and report thereon.

8. As soon as practicable after the expiry of the period fixed by such notification, the Collector shall forward to the Commissioners the survey and preliminary scheme, together with the petitions of objection, if any, received by him, and shall call upon them to consider such survey and preliminary scheme together with such objections, and within a specified time to forward such survey and preliminary scheme to the Chairman of the District Board together with their report upon the objections, if any, as well as upon the state of public feeling in regard to such survey and preliminary scheme, and their advice as to their adoption or rejection.

9. On receipt of such survey and preliminary scheme, the District Board shall within one month's time proceed to take them into consideration at a meeting specially called for the purpose.

10. If the District Board reject such survey and preliminary scheme, the cost of such survey and the salary, if any, of the Engineer directed to prepare the same shall be paid by the District Board.

Procedure, if survey and preliminary scheme are adopted.

11. If at such meeting, a majority of the members present acting on the advice of the Commissioners, or, with the approval of a majority of not less than two-thirds of such members (such meeting to consist of not less than one-half of the total number of the members of the Board), acting against the advice of the Commissioners, adopt the survey and preliminary scheme, they shall revise the preliminary scheme in the following manner:—

- (i) they shall deduct from the aggregate amount estimated under clauses (b) and (c) of section 6 the sums, if any, which have been either anticipated or promised as private subscriptions or contributed by the District Board, or provisionally promised by the Local Government;

- (ii) they shall thereupon submit the preliminary scheme so revised, together with the survey and the report prepared by the Commissioners under section 8, to the Collector.

12. The Collector shall thereupon:—

- (a) calculate the amount, which, if Procedure, to be followed by the Collector. expressed as a rate bearing a definite proportion to the

Road Cess leviable within the tract affected, would pay off the balance in equal annual instalments within thirty years (such instalments being fixed), so as to provide for the payment of interest on any sums borrowed from Government or the public;

- (b) forward such survey and preliminary scheme through the Commissioner of the Division to the Local Government for consideration:

Provided that, if the instalments so fixed shall exceed the amount annually payable as Road Cess within the tract affected, the Collector shall return such preliminary scheme to the District Board for further consideration.

13. The "survey and preliminary scheme" "Scheme" and "local thus adopted or modified area." shall be hereinafter called the "scheme," and the tract within which the new drainage rate is to be imposed shall be hereinafter called the "local area."

14. The Local Government shall consider the scheme thus adopted or revised, together with the report of the Commissioners, and may approve, modify or reject the same; and if it approve or modify the scheme, it shall thereupon return it, so approved or modified, to the District Board through the Commissioner of the Division, with an intimation of the amount, which the Local Government will contribute towards the scheme:

Provided that, if the modification adds materially to the cost of the operations, the scheme thus modified shall again be laid before the District Board for their consideration.

15. (1) The District Board may, with the previous consent of the Local Government, at any time reconsider the scheme adopted by them, and add to, alter or modify the same; and if any addition, alteration or modification is thereupon made by them, they shall lay before the Local Government the scheme so added to, altered or modified, and the Local Government may sanction the same or any portion thereof; and thenceforth the provisions of this Act shall apply to the scheme as ultimately sanctioned by the Local Government.

(2) Every material addition, alteration or modification made by the Local Government or by a District Board to, or in, any scheme after the adoption thereof, shall be published in the manner provided in section 7, and the provisions of sections 8 to 12 (both inclusive) shall apply.

16. Any land, likely to be needed in carrying out any scheme, sanctioned by the Local Government under this Act, may be acquired under the provisions of the Land

Land required for drainage works how to be acquired.

Acquisition Act, 1894, or any similar Act for the time being in force for the acquisition of land for public purposes:

Provided that no compensation shall be paid for land recorded as a water-course in the last Revenue Survey map published under section 4 of Act IX of 1847 or any similar enactment for the time being in force, unless it be proved that such land has been under cultivation for a period of not less than twelve years previous to the acquisition.

17. (1) All works under this Act shall be executed by the District Board, unless the Local Government order such works, or any portion of them, to be executed by more than one District Board or by an Engineer appointed in that behalf by itself.

(2) Any person duly authorized to execute any works under this Act may himself, or by his agents and workmen, enter into or upon any lands forming part of the local area, and carry out such works thereupon as may be required.

CHAPTER II.

Expenditure and Apportionment.

What amounts should be included in cost of construction.

18. All amounts paid—

- (a) as compensation for any lands taken for the purposes of this Act;
- (b) as salaries of the engineer, officers, servants or establishments specially employed by the Collector, the Commissioners or the District Board for the purposes of this Act;
- (c) for any surveys, plans, estimates, valuations and incidental expenses connected therewith, whether antecedent or subsequent to the adoption of the scheme,

together with all amounts expended in carrying out the purposes of this Act, shall be included in, and be deemed to constitute, the cost of construction of works.

19. (1) The Engineer shall, once in every three months, until the works shall be finally completed, submit to the District Board a detailed report showing the progress of the works and the amount expended thereon up to date from the commencement of the work or from the date of the last report; and when the works are completed and the accounts closed, he shall submit to the District Board a final report showing the total cost.

(2) If the local area includes areas subject to the jurisdiction of more than one local authority, the proportion of such cost shall be defrayed by each local authority as far as possible in proportion to their interest in the work executed.

(3) The District Board shall forward a copy of this report to the Local Government, through the Commissioner of the Division, with such remarks as to them shall seem fit, and in the event of any local authority objecting to the proposed apportionment, the Local Government

shall determine the proportion to be paid by them. The decision of the Local Government thereon shall be final.

20. The total cost of construction mentioned in section 18 shall be ascertained by adding together—

- (a) the actual amount expended;
- (b) the interest payable on the loans under the Local Authorities Loans Act, 1879, if any;
- (c) the capitalized value of the estimated cost of maintenance.

From this sum shall be deducted the amounts subscribed or contributed as contemplated in sections 11 and 14.

21. On receipt of the final report mentioned in section 19, the District Board shall require the Collector, within three months, to determine the amount of rate, which shall be collected with the Road Cess annually payable direct to Government within the local area, and shall be sufficient to provide for the payment of the cost of construction as defined in section 20, in the course of not more than thirty years, excluding the portion to be incurred in respect of the municipal area, if any.

22. (1) The rate so determined shall be published as provided in section 40 of the Cess Act, 1880; and shall be paid together with the Road Cess payable by those liable to pay such cess direct to Government within the local area, until such time as the period of not more than thirty years from the date of publication shall have expired, or the cost of construction of the works has been liquidated.

(2) All arrears of such rates shall be recoverable under the law for the time being in force for the recovery of Public Demands.

23. Any holder of an estate or tenure, who shall pay to the Collector any instalment of such rate payable under the last preceding section shall be entitled to recover half the amount of the instalment so paid from the holder of a tenure or cultivating raiyat holding lands within the local area under such holder of an estate or tenure in the same proportion and in the same manner as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

24. Any holder of a tenure, who shall pay to the holder of an estate or tenure the sum due to such holder under the last preceding section, shall be entitled to recover half the sum so paid from the cultivating raiyats holding lands within the local area under such holder of a tenure, in the same proportion and in the same manner, as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

25. (1) When the local area includes a municipal area, the amount payable under section 19 shall be defrayed by the Municipality.

(2) In order to provide for the payment with interest of such municipal share at the rate payable to Government by the District Board within a period of not less than thirty years, the amount required may be raised by an additional rate to be added to the tax upon persons or to the rate on the annual value of holdings as the case may be.

PART III.

CHAPTER I.

Miscellaneous.

26. All outlets and water-channels, natural or artificial, which shall be cleared, altered, enlarged, excavated or cut under the provisions of this Act, and the construction and maintenance of embankments and dams and works therein or connected therewith, shall be subject to the law for the time being in force regulating the construction and maintenance of public embankments, rivers, channels and outlets.

27. (1) Any person who, without lawful authority, erects, or causes to be erected, any weir or other obstruction in any outlet or water-channel, or cultivates the bed of a water-channel, so as to obstruct natural drainage, shall, upon conviction before a Magistrate, be liable to a penalty not exceeding two hundred rupees for every such offence.

(2) It shall be in the discretion of such Magistrate to direct any such offender to remove and pay for the entire cost of the removal of any such obstruction.

28. All lands which are taken under the provisions of this Act for the purpose of the construction of works therein or thereon, and all works constructed under the provisions of this Act, as well as all outlets, water-channels, embankments and dams so constructed, cleared, altered, enlarged, excavated or cut, shall be under the control and administration of the District Board.

29. The Commissioners, the Collector, and the Commissioner of the Division shall have all such powers as are conferred on Civil Courts by the Code of Civil Procedure for the purpose of compelling the attendance of witnesses and the production of evidence, and for the purpose of examining witnesses in any enquiry or appeal, which they may be empowered to make or entertain under the provisions of this Act.

30. No proceeding under this Act shall be defeated or invalidated by reason of any defect or omission in the publication or service of any notification, notice or order, unless material injury is done to any person by such defect or omission.

31. The Local Government may specially empower any person to do all such acts, to discharge all such functions, and to exercise all such powers as may be done,

discharged or exercised by a Collector under this Act; and on any person being so specially empowered, such person may do all such acts, discharge all such functions, and exercise all such powers, and such person shall be deemed to be the Collector for the purposes of the scheme, in respect of which he is so specially empowered.

32. (1) The Collector may, with the sanction of the Commissioner of the Division, delegate to any Deputy or Assistant Collector, the performance of any acts or the discharge of any functions which the said Collector may perform or discharge under this Act.

(2) Upon such delegation, such Deputy Collector or other officer may do such acts, discharge such functions, and exercise such powers for the performance of the same, as the Collector may exercise under this Act:

Provided that all acts done, functions discharged, and powers exercised by such officer, shall be done, discharged, or exercised subject to the control and supervision of the Collector.

33. Notwithstanding anything hereinbefore contained, all the proceedings of the Commissioners and of the Collector under this Act shall be subject to the general control and supervision of the Commissioner of the Division, or, when the tract or local area affected comprises lands situated in more than one Division, of such Commissioner as the Local Government may direct.

34. If at any time the Local Government is satisfied that the cost of any scheme of works, including the cost of maintenance, has been erroneously estimated, it may direct that the scheme be no further proceeded with, until the same has been revised.

CHAPTER II.

Rules.

35. (1) It shall be lawful for the Local Government, from time to time, to make, and, when made, to alter or repeal rules not inconsistent with this Act for the purpose of—

- (a) prescribing the forms of accounts, surveys, plans, estimates, periodical statements and reports;
- (b) regulating the conduct of business at the meetings of the Commissioners;

SCHEDULE.

ACT No. VIII OF 1895.

An Act to facilitate the construction of drainage works for improving the sanitary condition of local areas.

WHEREAS it is expedient to facilitate the construction of drainage works for improving the sanitary condition of local areas within the territories administered by the Lieutenant-Governor of Bengal, and to lay down a procedure therefor, other than that provided by section 37B of the Bengal Municipal Act, 1884; It is enacted as follows:—

PART I.

CHAPTER I.

Preliminary.

1. (1) This Act may be called the Bengal Sanitary Drainage Act, 1895.

Short title, extent and commencement.

(2) Except as hereinafter otherwise provided, it shall extend to all the territories administered by the Lieutenant-Governor of Bengal, which are not included within the limits of any Municipality.

(3) And it shall come into force from the date, on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. In this Act, unless there be something repugnant in the subject or context,—

Definitions.

- (a) "cultivating raiyat" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (b) "estate" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;

- (c) "holder of an estate or tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (d) "local area" means the portion of a district or districts within which a rate is to be levied, in order to liquidate the cost of a scheme adopted by a District Board;
- (e) "tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (f) "the Collector" means, except as hereinafter provided, the officer in charge of the revenue jurisdiction of the district within which the lands, which form the subject of a scheme under this Act, are situated;
- (g) "the Commissioners" means the Drainage Commissioners under this Act;
- (h) "the Engineer" means the District Engineer or any Engineer especially appointed by the Local Government to perform the functions of an Engineer under this Act;
- (i) "tract" means the portion of a district or districts throughout which the Commissioners are authorised to exercise the functions conferred on them under this Act.

CHAPTER II.

Appointment of the Commissioners.

3. (1) Whenever an application is received from a District Board through the Collector and the Commissioner of the Division reporting that they believe that the sanitary condition of any tract within their jurisdiction has been deteriorated by the obstruction of drainage, whether from natural or artificial causes, the Local Government may—

- (a) issue, if it think fit, an order indicating approximately the area of the tract affected and prescribing the appointment of a number of persons, not less than nine, to be the Drainage Commissioners;
- (b) direct the District Board to elect not less than half of such number from among the members of the District or Local Board as the case may be;
- (c) appoint the remainder of the Commissioners from among the holders of estates and tenures in the tract affected or from among the managers on behalf of such holders.

- (2) The Commissioners so created shall elect one of their number to act as Chairman.

4. (1) When an affected tract referred to in the last preceding section includes lands subject to the jurisdiction of more than one local authority, the Local Government, by an order made on the application of any District Board concerned, may constitute a Joint Committee to be elected by all the local authorities concerned; the number to be elected by each being determined by the Local Government as far as possible in proportion to the interest of such local authority in the tract affected.

- (2) The Local Government may further confer on any Committee so constituted, or on such of

them as may be specified in the order, all the powers of a District Board under this Act; and such order may contain such provisions respecting the proceedings of any such Committee, as may seem proper, and may provide for the payment by the local authorities represented thereby of the expenses incurred by any such Committee and for the audit of their accounts.

5. The Local Government may from time to time accept the resignation of any of the Commissioners, or may add to their number; and in the event of any Commissioner dying, retiring, or ceasing to reside in the district, in which such tract is situated, the vacancy so caused shall thereupon be filled by appointment or by election, as the case may be; the conditions of the original appointment or election being in each case strictly observed:

Provided that not less than half the number of the Commissioners shall always be members of the District or Local Board, as the case may be.

PART II.

CHAPTER I.

Drainage Scheme.

6. (1) When the Commissioners have been appointed under section 3 or section 5, they shall, without delay, direct the Engineer to prepare a survey, plans and estimates (hereinafter called "the survey") for the restoration or improvement of the drainage of the tract found by him to be affected, and such survey shall be drawn up in accordance with rules to be framed under section 35(1a). On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

- (a) a statement descriptive of the proposed undertaking, and showing how the drainage is obstructed, with a map of the tract affected;
- (b) an estimate of the total cost of the undertaking, including the cost of any land to be acquired under section 16;
- (c) an estimate of the annual cost of maintaining the works:

Provided that, if the tract affected includes any municipal area, the estimate to be framed under clauses (b) and (c) of this section shall show separately the portion of the cost under each clause, which will be incurred in respect of such municipal area:

Provided further that, if one or more Municipalities fall within the tract, a separate estimate shall be framed of the cost of constructing and maintaining such portion of the works as lies within the area of any such Municipality.

(2) The Collector shall thereupon cause to be prepared—

- (d) a statement showing the valuation for cess purposes of the lands included in the tract affected, and the total amount of cesses actually payable on the same;

- (e) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction such village, or any part thereof, is situated.

8. As soon as practicable after the expiry of the period fixed by such notification, the Collector shall forward to the Commissioners the survey and preliminary scheme, together with the petitions of objection, if any, received by him, and shall call upon them to consider such survey and preliminary scheme together with such objections, and within a specified time to forward such survey and preliminary scheme to the Chairman of the District Board together with their report upon the objections, if any, as well as upon the state of public feeling in regard to such survey and preliminary scheme, and their advice as to their adoption or rejection.

9. On receipt of such survey and preliminary scheme, the District Board shall within one month's time proceed to take them into consideration at a meeting specially called for the purpose.

10. If the District Board reject such survey and preliminary scheme, the cost of such survey and the salary, if any, of the Engineer directed to prepare the same shall be paid by the District Board.

11. If at such meeting, a majority of the members present acting on the advice of the Commissioners, or, with the approval of a majority of not less than two-thirds of such members (such meeting to consist of not less than one-half of the total number of the members of the Board), acting against the advice of the Commissioners, adopt the survey and preliminary scheme, they shall revise the preliminary scheme in the following manner:—

- (i) they shall deduct from the aggregate amount estimated under clauses (b) and (c) of section 6 the sums, if any, which have been either anticipated or promised as private subscriptions or contributed by the District Board, or provisionally promised by the Local Government;

- (ii) they shall thereupon submit the preliminary scheme so revised, together with the survey and the report prepared by the Commissioners under section 8, to the Collector.

12. The Collector shall thereupon :—

- (a) calculate the amount, which, if Procedure, to be followed by the Collector. expressed as a rate bearing a definite proportion to the

Road Cess leviable within the tract affected, would pay off the balance in equal annual instalments within thirty years (such instalments being fixed), so as to provide for the payment of interest on any sums borrowed from Government or the public;

- (b) forward such survey and preliminary scheme through the Commissioner of the Division to the Local Government for consideration :

Provided that, if the instalments so fixed shall exceed the amount annually payable as Road Cess within the tract affected, the Collector shall return such preliminary scheme to the District Board for further consideration.

13. The "survey and preliminary scheme" "Scheme" and "local area." thus adopted or modified shall be hereinafter called the "scheme," and the tract within which the new drainage rate is to be imposed shall be hereinafter called the "local area."

14. The Local Government shall consider Powers of Local Government. the scheme thus adopted or revised, together with the report of the Commissioners, and may approve, modify or reject the same; and if it approve or modify the scheme, it shall thereupon return it, so approved or modified, to the District Board through the Commissioner of the Division, with an intimation of the amount, which the Local Government will contribute towards the scheme :

Provided that, if the modification adds materially to the cost of the operations, the scheme thus modified shall again be laid before the District Board for their consideration.

15. (1) The District Board may, with the District Board may reconsider scheme, &c., adopted by them. previous consent of the Local Government, at any time reconsider the scheme adopted by them, and add to, alter or modify the same; and if any addition, alteration or modification is thereupon made by them, they shall lay before the Local Government the scheme so added to, altered or modified, and the Local Government may sanction the same or any portion thereof; and thenceforth the provisions of this Act shall apply to the scheme as ultimately sanctioned by the Local Government.

(2) Every material addition, alteration or modification made by the Local Government or by a District Board to, or in, any scheme after the adoption thereof, shall be published in the manner provided in section 7, and the provisions of sections 8 to 12 (both inclusive) shall apply.

16. Any land, likely to be needed in carrying Land required for drainage works how to be acquired. out any scheme, sanctioned by the Local Government under this Act, may be acquired under the provisions of the Land

Acquisition Act, 1894, or any similar Act for the time being in force for the acquisition of land for public purposes :

Provided that no compensation shall be paid for land recorded as a water-course in the last Revenue Survey map published under section 4 of Act IX of 1847 or any similar enactment for the time being in force, unless it be proved that such land has been under cultivation for a period of not less than twelve years previous to the acquisition.

17. (1) All works under this Act shall be Local Government may order execution of drainage works by an Engineer appointed by it. executed by the District Board, unless the Local Government order such works, or any portion of them, to be executed by more than one District Board or by an Engineer appointed in that behalf by itself.

(2) Any person duly authorized to execute any works under this Act may himself, or by his agents and workmen, enter into or upon any lands forming part of the local area, and carry out such works thereupon as may be required.

CHAPTER II.

Expenditure and Apportionment.

What amounts should be included in cost of construction.

18. All amounts paid—

- (a) as compensation for any lands taken for the purposes of this Act;
- (b) as salaries of the engineer, officers, servants or establishments specially employed by the Collector, the Commissioners or the District Board for the purposes of this Act;
- (c) for any surveys, plans, estimates, valuations and incidental expenses connected therewith, whether antecedent or subsequent to the adoption of the scheme,

together with all amounts expended in carrying out the purposes of this Act, shall be included in, and be deemed to constitute, the cost of construction of works.

19. (1) The Engineer shall, once in every three Engineer to report progress and completion of works. months, until the works shall be finally completed, submit to the District Board a detailed report showing the progress of the works and the amount expended thereon up to date from the commencement of the work or from the date of the last report; and when the works are completed and the accounts closed, he shall submit to the District Board a final report showing the total cost.

(2) If the local area includes areas subject to the jurisdiction of more than one local authority, the proportion of such cost shall be defrayed by each local authority as far as possible in proportion to their interest in the work executed.

(3) The District Board shall forward a copy of this report to the Local Government through the Commissioner of the Division, with such remarks as to them shall seem fit, and in the event of any local authority objecting to the proposed apportionment, the Local Government

shall determine the proportion to be paid by them. The decision of the Local Government thereon shall be final.

20. The total cost of construction mentioned in section 18 shall be ascertained by adding together—

Amount to be apportioned how to be determined.

- (a) the actual amount expended;
- (b) the interest payable on the loans under the Local Authorities Loans Act, 1879, if any;
- (c) the capitalized value of the estimated cost of maintenance.

From this sum shall be deducted the amounts subscribed or contributed as contemplated in sections 11 and 14.

21. On receipt of the final report mentioned in section 19, the District Board shall require the Collector, within three months, to determine the amount of rate, which shall be collected with the Road Cess annually payable direct to Government within the local area, and shall be sufficient to provide for the payment of the cost of construction as defined in section 20, in the course of not more than thirty years, excluding the portion to be incurred in respect of the municipal area, if any.

The Collector to determine rate.

22. (1) The rate so determined shall be published as provided in section 40 of the Cess Act, 1880; and shall be paid together with the Road Cess payable by those liable to pay such cess direct to Government within the local area, until such time as the period of not more than thirty years from the date of publication shall have expired, or the cost of construction of the works has been liquidated.

Rate to be published and to be paid with the Road Cess.

(2) All arrears of such rates shall be recoverable under the law for the time being in force for the recovery of Public Demands.

23. Any holder of an estate or tenure, who shall pay to the Collector any instalment of such rate payable under the last preceding section shall be entitled to recover half the amount of the instalment so paid from the holder of a tenure or cultivating raiyat holding lands within the local area under such holder of an estate or tenure in the same proportion and in the same manner as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

Share to be recovered by estate or tenure-holder.

24. Any holder of a tenure, who shall pay to the holder of an estate or tenure the sum due to such holder under the last preceding section, shall be entitled to recover half the sum so paid from the cultivating raiyat holding lands within the local area under such holder of a tenure, in the same proportion and in the same manner, as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

Amount to be recovered by tenure-holder from raiyat.

25. (1) When the local area includes a municipal area, the amount payable under section 19 shall be defrayed by the Municipality.

Recovery of municipal portion of cost.

(2) In order to provide for the payment with interest of such municipal share at the rate payable to Government by the District Board within a period of not less than thirty years, the amount required may be raised by an additional rate to be added to the tax upon persons or to the rate on the annual value of holdings as the case may be.

PART III.

CHAPTER I.

Miscellaneous.

26. All outlets and water-channels, natural or artificial, which shall be cleared, altered, enlarged, excavated or cut under the provisions of this Act, and the construction and maintenance of embankments and dams and works therein or connected therewith, shall be subject to the law for the time being in force regulating the construction and maintenance of public embankments, rivers, channels and outlets.

Drainage works subject to laws relating to public embankments.

27. (1) Any person who, without lawful authority, erects, or causes to be erected, any weir or other obstruction in any outlet or water-channel, or cultivates the bed of a water-channel, so as to obstruct natural drainage, shall, upon conviction before a Magistrate, be liable to a penalty not exceeding two hundred rupees for every such offence.

Penalty for constructing weirs, &c., obstructing public drainage.

(2) It shall be in the discretion of such Magistrate to direct any such offender to remove and pay for the entire cost of the removal of any such obstruction.

28. All lands which are taken under the provisions of this Act for the purpose of the construction of works therein or thereon, and all works constructed under the provisions of this Act, as well as all outlets, water-channels, embankments and dams so constructed, cleared, altered, enlarged, excavated or cut, shall be under the control and administration of the District Board.

Lands taken and works constructed under Act to be under District Board.

29. The Commissioners, the Collector, and the Commissioner of the Division shall have all such powers as are conferred on Civil Courts by the Code of Civil Procedure for the purpose of compelling the attendance of witnesses and the production of evidence, and for the purpose of examining witnesses in any enquiry or appeal, which they may be empowered to make or entertain under the provisions of this Act.

Powers of the Commissioners, &c., in taking evidence.

30. No proceeding under this Act shall be defeated or invalidated by reason of any defect or omission in the publication or service of any notification, notice or order, unless material injury is done to any person by such defect or omission.

Proceedings not to be invalidated by irregularities.

31. The Local Government may specially empower any person to do all such acts, to discharge all such functions, and to exercise all such powers as may be done,

Local Government may empower any person to act for the Collector.

discharged or exercised by a Collector under this Act; and on any person being so specially empowered, such person may do all such acts, discharge all such functions, and exercise all such powers, and such person shall be deemed to be the Collector for the purposes of the scheme, in respect of which he is so specially empowered.

32. (1) The Collector may, with the sanction of the Commissioner of the Division, delegate to any Deputy or Assistant Collector, the performance of any acts or the discharge of any functions which the said Collector may perform or discharge under this Act.

The Collector may delegate his authority to another.

(2) Upon such delegation, such Deputy Collector or other officer may do such acts, discharge such functions, and exercise such powers for the performance of the same, as the Collector may exercise under this Act:

Provided that all acts done, functions discharged, and powers exercised by such officer, shall be done, discharged, or exercised subject to the control and supervision of the Collector.

33. Notwithstanding anything hereinbefore contained, all the proceedings of the Commissioners and of the Collector under this Act shall be subject to the general control and supervision of the Commissioner of the Division, or, when the tract or local area affected comprises lands situated in more than one Division, of such Commissioner as the Local Government may direct.

Proceedings of the Commissioners and the Collector subject to control of Commissioner of Division.

34. If at any time the Local Government is satisfied that the cost of any scheme of works, including the cost of maintenance, has been erroneously estimated, it may direct that the scheme be no further proceeded with, until the same has been revised.

Local Government may direct cessation of work and revision of the scheme.

CHAPTER II.

Rules.

35. (1) It shall be lawful for the Local Government, from time to time, to make, and, when made, to alter or repeal rules not inconsistent with this Act for the purpose of—

Power of Local Government to make rules and to cancel them.

- (a) prescribing the forms of accounts, surveys, plans, estimates, periodical statements and reports;
- (b) regulating the conduct of business at the meetings of the Commissioners;
- (c) regulating the instalments by which and the mode in which sums payable under this Act shall be paid;

CHAPTER I.

Preliminary.

1. (1) This Act may be called the Bengal Sanitary Drainage Act, 1895.

Short title, extent and commencement.

(2) Except as hereinafter otherwise provided, it shall extend to all the territories administered by the Lieutenant-Governor of Bengal, which are not included within the limits of any Municipality.

(3) And it shall come into force from the date, on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. In this Act, unless there be something repugnant in the subject or context,—

Definitions.

- (a) "cultivating raiyat" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (b) "estate" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;

- (c) "holder of an estate or tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (d) "local area" means the portion of a district or districts within which a rate is to be levied, in order to liquidate the cost of a scheme adopted by a District Board;
- (e) "tenure" shall have the meaning attached to it in the Cess Act, IX (B.C.) of 1880;
- (f) "the Collector" means, except as hereinafter provided, the officer in charge of the revenue jurisdiction of the district within which the lands, which form the subject of a scheme under this Act, are situated;
- (g) "the Commissioners" means the Drainage Commissioners under this Act;
- (h) "the Engineer" means the District Engineer or any Engineer especially appointed by the Local Government to perform the functions of an Engineer under this Act;
- (i) "tract" means the portion of a district or districts throughout which the Commissioners are authorised to exercise the functions conferred on them under this Act.

CHAPTER II.

Appointment of the Commissioners.

3. (1) Whenever an application is received from a District Board through the Collector and the Commissioner of the Division reporting that they believe that the sanitary condition of any tract within their jurisdiction has been deteriorated by the obstruction of drainage, whether from natural or artificial causes, the Local Government may—

- (a) issue, if it think fit, an order indicating approximately the area of the tract affected and prescribing the appointment of a number of persons, not less than nine, to be the Drainage Commissioners;
- (b) direct the District Board to elect not less than half of such number from among the members of the District or Local Board as the case may be;
- (c) appoint the remainder of the Commissioners from among the holders of estates and tenures in the tract affected or from among the managers on behalf of such holders.

- (2) The Commissioners so created shall elect one of their number to act as Chairman.

4. (1) When an affected tract referred to in the last preceding section includes lands subject to the jurisdiction of more than one local authority, the Local Government, by an order made on the application of any District Board concerned, may constitute a Joint Committee to be elected by all the local authorities concerned; the number to be elected by each being determined by the Local Government as far as possible in proportion to the interest of such local authority in the tract affected.

- (2) The Local Government may further confer on any Committee so constituted, or on such of

them as may be specified in the order, all the powers of a District Board under this Act; and such order may contain such provisions respecting the proceedings of any such Committee, as may seem proper, and may provide for the payment by the local authorities represented thereby of the expenses incurred by any such Committee and for the audit of their accounts.

5. The Local Government may from time to time accept the resignation of any of the Commissioners, or may add to their number; and in the event of any Commissioner dying, retiring, or ceasing to reside in the district, in which such tract is situated, the vacancy so caused shall thereupon be filled by appointment or by election, as the case may be; the conditions of the original appointment or election being in each case strictly observed:

Provided that not less than half the number of the Commissioners shall always be members of the District or Local Board, as the case may be.

PART II.

CHAPTER I.

Drainage Scheme.

6. (1) When the Commissioners have been appointed under section 3 or section 5, they shall, without delay, direct the Engineer to prepare a survey, plans and estimates (hereinafter called "the survey") for the restoration or improvement of the drainage of the tract found by him to be affected, and such survey shall be drawn up in accordance with rules to be framed under section 85(1a). On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

- (a) a statement descriptive of the proposed undertaking, and showing how the drainage is obstructed, with a map of the tract affected;
- (b) an estimate of the total cost of the undertaking, including the cost of any land to be acquired under section 16;
- (c) an estimate of the annual cost of maintaining the works:

Provided that, if the tract affected includes any municipal area, the estimate to be framed under clauses (b) and (c) of this section shall show separately the portion of the cost under each clause, which will be incurred in respect of such municipal area:

Provided further that, if one or more Municipalities fall within the tract, a separate estimate shall be framed of the cost of constructing and maintaining such portion of the works as lies within the area of any such Municipality.

(2) The Collector shall thereupon cause to be prepared—

- (d) a statement showing the valuation for cess purposes of the lands included in the tract affected, and the total amount of cesses actually payable on the same;

- (e) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction such village, or any part thereof, is situated.

8. As soon as practicable after the expiry of the period fixed by such notification, the Collector shall forward to the Commissioners the survey and preliminary scheme, together with the petitions of objection, if any, received by him, and shall call upon them to consider such survey and preliminary scheme together with such objections, and within a specified time to forward such survey and preliminary scheme to the Chairman of the District Board together with their report upon the objections, if any, as well as upon the state of public feeling in regard to such survey and preliminary scheme, and their advice as to their adoption or rejection.

9. On receipt of such survey and preliminary scheme, the District Board shall within one month's time proceed to take them into consideration at a meeting specially called for the purpose.

10. If the District Board reject such survey and preliminary scheme, the cost of such survey and the salary, if any, of the Engineer directed to prepare the same shall be paid by the District Board.

11. If at such meeting, a majority of the members present acting on the advice of the Commissioners, or, with the approval of a majority of not less than two-thirds of such members (such meeting to consist of not less than one-half of the total number of the members of the Board), acting against the advice of the Commissioners, adopt the survey and preliminary scheme, they shall revise the preliminary scheme in the following manner:—

- (i) they shall deduct from the aggregate amount estimated under clauses (b) and (c) of section 6 the sums, if any, which have been either anticipated or promised as private subscriptions or contributed by the District Board, or provisionally promised by the Local Government;

- (ii) they shall thereupon submit the preliminary scheme so revised, together with the survey and the report prepared by the Commissioners under section 8, to the Collector.

12. The Collector shall thereupon :—

(a) calculate the amount, which, if Procedure, to be followed by the Collector.

expressed as a rate bearing a definite proportion to the Road Cess leviable within the tract affected, would pay off the balance in equal annual instalments within thirty years (such instalments being fixed), so as to provide for the payment of interest on any sums borrowed from Government or the public;

- (b) forward such survey and preliminary scheme through the Commissioner of the Division to the Local Government for consideration :

Provided that, if the instalments so fixed shall exceed the amount annually payable as Road Cess within the tract affected, the Collector shall return such preliminary scheme to the District Board for further consideration.

13. The "survey and preliminary scheme" "Scheme" and "local area." thus adopted or modified shall be hereinafter called the "scheme," and the tract within which the new drainage rate is to be imposed shall be hereinafter called the "local area."

14. The Local Government shall consider the scheme thus adopted or revised, together with the report of the Commissioners, and may approve, modify or reject the same; and if it approve or modify the scheme, it shall thereupon return it, so approved or modified, to the District Board through the Commissioner of the Division, with an intimation of the amount, which the Local Government will contribute towards the scheme :

Provided that, if the modification adds materially to the cost of the operations, the scheme thus modified shall again be laid before the District Board for their consideration.

15. (1) The District Board may, with the previous consent of the Local Government, at any time reconsider the scheme adopted by them, and add to, alter or modify the same; and if any addition, alteration or modification is thereupon made by them, they shall lay before the Local Government the scheme so added to, altered or modified, and the Local Government may sanction the same or any portion thereof; and thenceforth the provisions of this Act shall apply to the scheme as ultimately sanctioned by the Local Government.

(2) Every material addition, alteration or modification made by the Local Government or by a District Board to, or in, any scheme after the adoption thereof, shall be published in the manner provided in section 7, and the provisions of sections 8 to 12 (both inclusive) shall apply.

16. Any land, likely to be needed in carrying out any scheme, sanctioned by the Local Government under this Act, may be acquired under the provisions of the Land

Acquisition Act, 1894, or any similar Act for the time being in force for the acquisition of land for public purposes :

Provided that no compensation shall be paid for land recorded as a water-course in the last Revenue Survey map published under section 4 of Act IX of 1847 or any similar enactment for the time being in force, unless it be proved that such land has been under cultivation for a period of not less than twelve years previous to the acquisition.

17. (1) All works under this Act shall be executed by the District Board, unless the Local Government order such works, or any portion of them, to be executed by more than one District Board or by an Engineer appointed in that behalf by itself.

(2) Any person duly authorized to execute any works under this Act may himself, or by his agents and workmen, enter into or upon any lands forming part of the local area, and carry out such works thereupon as may be required.

CHAPTER II.

Expenditure and Apportionment.

What amounts should be included in cost of construction.

18. All amounts paid—

- as compensation for any lands taken for the purposes of this Act;
- as salaries of the engineer, officers, servants or establishments specially employed by the Collector, the Commissioners or the District Board for the purposes of this Act;
- for any surveys, plans, estimates, valuations and incidental expenses connected therewith, whether antecedent or subsequent to the adoption of the scheme,

together with all amounts expended in carrying out the purposes of this Act, shall be included in, and be deemed to constitute, the cost of construction of works.

19. (1) The Engineer shall, once in every three months, until the works shall be finally completed, submit to the District Board a detailed report showing the progress of the works and the amount expended thereon up to date from the commencement of the work or from the date of the last report; and when the works are completed and the accounts closed, he shall submit to the District Board a final report showing the total cost.

(2) If the local area includes areas subject to the jurisdiction of more than one local authority, the proportion of such cost shall be defrayed by each local authority as far as possible in proportion to their interest in the work executed.

(3) The District Board shall forward a copy of this report to the Local Government through the Commissioner of the Division, with such remarks as to them shall seem fit, and in the event of any local authority objecting to the proposed apportionment, the Local Government

shall determine the proportion to be paid by them. The decision of the Local Government thereon shall be final.

20. The total cost of construction mentioned in section 18 shall be ascertained by adding together—

- (a) the actual amount expended;
- (b) the interest payable on the loans under the Local Authorities Loans Act, 1879, if any;
- (c) the capitalized value of the estimated cost of maintenance.

From this sum shall be deducted the amounts subscribed or contributed as contemplated in sections 11 and 14.

21. On receipt of the final report mentioned in section 19, the District Board shall require the Collector, within three months, to determine the amount of rate, which shall be collected with the Road Cess annually payable direct to Government within the local area, and shall be sufficient to provide for the payment of the cost of construction as defined in section 20, in the course of not more than thirty years, excluding the portion to be incurred in respect of the municipal area, if any.

22. (1) The rate so determined shall be published as provided in section 40 of the Cess Act, 1880; and shall be paid together with the Road Cess payable by those liable to pay such cess direct to Government within the local area, until such time as the period of not more than thirty years from the date of publication shall have expired, or the cost of construction of the works has been liquidated.

(2) All arrears of such rates shall be recoverable under the law for the time being in force for the recovery of Public Demands.

23. Any holder of an estate or tenure, who shall pay to the Collector any instalment of such rate payable under the last preceding section shall be entitled to recover half the amount of the instalment so paid from the holder of a tenure or cultivating raiyat holding lands within the local area under such holder of an estate or tenure in the same proportion and in the same manner as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

24. Any holder of a tenure, who shall pay to the holder of an estate or tenure the sum due to such holder under the last preceding section, shall be entitled to recover half the sum so paid from the cultivating raiyats holding lands within the local area under such holder of a tenure, in the same proportion and in the same manner, as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

25. (1) When the local area includes a municipal area, the amount payable under section 19 shall be defrayed by the Municipality.

(2) In order to provide for the payment with interest of such municipal share at the rate payable to Government by the District Board within a period of not less than thirty years, the amount required may be raised by an additional rate to be added to the tax upon persons or to the rate on the annual value of holdings as the case may be.

PART III.

CHAPTER I.

Miscellaneous.

26. All outlets and water-channels, natural or artificial, which shall be cleared, altered, enlarged, excavated or cut under the provisions of this Act, and the construction and maintenance of embankments and dams and works therein or connected therewith, shall be subject to the law for the time being in force regulating the construction and maintenance of public embankments, rivers, channels and outlets.

27. (1) Any person who, without lawful authority, erects, or causes to be erected, any weir or other obstruction in any outlet or water-channel, or cultivates the bed of a water-channel, so as to obstruct natural drainage, shall, upon conviction before a Magistrate, be liable to a penalty not exceeding two hundred rupees for every such offence.

(2) It shall be in the discretion of such Magistrate to direct any such offender to remove and pay for the entire cost of the removal of any such obstruction.

28. All lands which are taken under the provisions of this Act for the purpose of the construction of works therein or thereon, and all works constructed under the provisions of this Act, as well as all outlets, water-channels, embankments and dams so constructed, cleared, altered, enlarged, excavated or cut, shall be under the control and administration of the District Board.

29. The Commissioners, the Collector, and the Commissioner of the Division shall have all such powers as are conferred on Civil Courts by the Code of Civil Procedure for the purpose of compelling the attendance of witnesses and the production of evidence, and for the purpose of examining witnesses in any enquiry or appeal, which they may be empowered to make or entertain under the provisions of this Act.

30. No proceeding under this Act shall be defeated or invalidated by reason of any defect or omission in the publication or service of any notification, notice or order, unless material injury is done to any person by such defect or omission.

31. The Local Government may specially empower any person to do all such acts, to discharge all such functions, and to exercise all such powers as may be done,

discharged or exercised by a Collector under this Act; and on any person being so specially empowered, such person may do all such acts, discharge all such functions, and exercise all such powers, and such person shall be deemed to be the Collector for the purposes of the scheme, in respect of which he is so specially empowered.

32. (1) The Collector may, with the sanction of the Commissioner of the Division, delegate to any Deputy or Assistant Collector, the performance of any acts or the discharge of any functions which the said Collector may perform or discharge under this Act.

The Collector may delegate his authority to another.

(2) Upon such delegation, such Deputy Collector or other officer may do such acts, discharge such functions, and exercise such powers for the performance of the same, as the Collector may exercise under this Act:

Provided that all acts done, functions discharged, and powers exercised by such officer, shall be done, discharged, or exercised subject to the control and supervision of the Collector.

33. Notwithstanding anything hereinbefore contained, all the proceedings of the Commissioners and of the Collector under this Act shall be subject to the general control and supervision of the Commissioner of the Division, or, when the tract or local area affected comprises lands situated in more than one Division, of such Commissioner as the Local Government may direct.

Proceedings of the Commissioners and the Collector subject to control of Commissioner of Division.

34. If at any time the Local Government is satisfied that the cost of any scheme of works, including the cost of maintenance, has been erroneously estimated, it may direct that the scheme be no further proceeded with, until the same has been revised.

Local Government may direct cessation of work and revision of the scheme.

CHAPTER II.

Rules.

35. (1) It shall be lawful for the Local Government, from time to time, to make, and, when made, to alter or repeal rules not inconsistent with this Act for the purpose of—

Power of Local Government to make rules and to cancel them.

- (a) prescribing the forms of accounts, surveys, plans, estimates, periodical statements and reports;
- (b) regulating the conduct of business at the meetings of the Commissioners;
- (c) regulating the instalments by which and the mode in which sums payable under this Act shall be paid;
- (d) regulating the carrying out and maintenance of works, when one or more local authorities are concerned;

(e) ascertaining the capitalized value of the estimated cost of maintenance of drainage works;

(f) providing for professional supervision over the preparation of surveys, plans and estimates, and the execution and maintenance of drainage works;

(g) allotting the duties of the Collector under this Act among Collectors of different districts as may be convenient; and

(h) generally carrying out the purposes of this Act.

(2) The Local Government shall, before making, altering or repealing rules under this section, publish a draft of the proposed rules and alterations and a notification of the proposed repeals in three consecutive numbers of the Calcutta Gazette, and shall specify a date not less than one month from the date of publication, at or after which such draft and notification will be taken into consideration.

(3) The Local Government shall receive and consider any objection or suggestion which may be made by any person with respect to such draft and notification before the date so specified.

(4) Every rule so made or altered, and every repeal of any such rule under this section shall be thereafter published in the Calcutta Gazette.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No. VI of 1895.

THE following Bill was introduced, read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, and referred to a Select Committee, on the 6th July, 1895, and is hereby published, with the Statement of Object and Reasons, for general information :—

*A Bill to repeal the Bhutan Dvārs Act,
No. XVI of 1869.*

WHEREAS it is expedient that a certain enactment, entitled "the Bhutan Dvārs Act," and mentioned in the Schedule to this Act, should be expressly and specifically repealed; It is hereby enacted as follows :—

1. (1) This Act may be called "the Bhutan Dvārs Repealing Act."

(2) It shall come into force from the date on which it may be published in the *Calcutta Gazette*, with the assent of the Governor-General.

2. (1) The enactment specified in the Schedule hereto is hereby repealed to the extent mentioned in the fourth column thereof.

(2) This repeal shall not affect the validity of any notifications published, proclamations issued, powers conferred, forms prescribed, local limits defined, decisions passed, orders, rules and appointments made under the enactment hereby repealed and which are still in force, or about to come into force, immediately before the date of this Act: or of any act done or suffered or any right, title, obligation or liability already acquired, accrued or incurred under the enactment hereby repealed.

1869	XVI	Bhutan Dvārs Act	So much as has not been repealed.

STATEMENT OF OBJECTS AND REASONS.

Act XVI of 1869 is a special Act in force in the Western Duars, and was passed with the objects of excluding the ordinary Civil Courts from the cognizance of suits relating to immoveable property, revenue and rent in the territory ceded by the Government of Bhutan to the British Government in 1866, and of allowing such matters to be dealt with under rules framed by Government and attached to the Act. It has long been felt that the time had passed when such an Act was adequate to the wants of a large and growing population, but it was thought better to wait till the settlement of the Western Duars should be completed, as the rules provided a convenient procedure for carrying out that operation. On its completion the Lieutenant-Governor applied to the Government of India for permission to repeal Act XVI of 1869. This has been accorded, and the object of this Bill is to carry out this intention.

A Bill to facilitate and regulate the supply of electricity for lighting and other purposes in Calcutta.

WHEREAS it is expedient to facilitate and regulate the supply of electricity for lighting and other purposes in Calcutta; It is hereby enacted as follows:—

1. This Act may be called "The Calcutta Electric Lighting Act, 1895"; and it shall come into force from the date on which it may be published in the *Calcutta Gazette*, with the assent of the Governor-General.

2. In this Act, unless there be something repugnant in the subject or context,—

(1) "Calcutta" shall have the meaning assigned to it in the Calcutta Municipal Consolidation Act, 1888.

(2) "Company" means any body of persons, corporate or unincorporate.

(3) "Consumer" means a company or person entitled to be supplied with electricity under any license granted under this Act, and includes a local or public authority.

(4) "Electricity" means electricity, electric current, or any like agency.

(5) "Electric line" means a wire or wires, conductor, or other means used for the purpose of conveying, transmitting or distributing electricity with any casing, coating, covering, tube, pipe or insulator enclosing, surrounding or supporting the same, or any part thereof, or any apparatus connected therewith for the purpose of conveying, transmitting or distributing electricity or electric currents.

(6) "Local Authority" means the Corporation of Calcutta, the Commissioners for the Port of Calcutta, and every other authority legally entitled to, or entrusted by the Government with, the control or management of a municipal or local fund in Calcutta.

(7) "Public purposes" mean lighting any street or any place vested in, or subject to the control of, the local authority, or any church or registered place of public worship, or any hall or building belonging to, or subject to the control of, Government, or any public authority or any public theatre, but shall not include any other purpose to which electricity may be applied.

(8) "Private purposes" include any purpose whatever to which electricity may for the time being be applicable, not being a public purpose, except the transmission of any message within the meaning of the Indian Telegraph Act, 1885.

(9) "Street" includes any square, court or alley, highway, lane, road, thoroughfare, or public passage or place, within the area in which the undertakers are authorised to supply electricity by any license granted under this Act.

(10) "Telegraph," "Telegraph line," "Telegraph authority," shall have the meaning assigned to them respectively in the Indian Telegraph Act, 1885.

(11) "Undertakers" mean any company or person authorised by any license granted under this Act to supply electricity within any area.

(12) "Works" include electric lines, also any buildings, machinery, engines, works, matters or things of whatever description required to supply electricity, and to carry into effect the object of the undertakers under this Act.

3. The Local Government may from time to time license any company or person to supply electricity under this Act for any public or private purposes within any specified area of Calcutta subject to the following provisions:—

(1) The consent of every local authority having jurisdiction within the area or any part of the area within which a supply is licensed to be furnished shall be required to the application for a license, which consent such local authority is hereby authorised to give, with such conditions (if any) as, subject to the approval of the Local Government, the local authority may prescribe:

Provided that if the Local Government is satisfied, after due enquiry, that the local authority has for no sufficient reason withheld its consent, the Local Government may nevertheless grant the license.

(2) A license shall be for any period not exceeding twenty-one years, but may, at or after the expiry of such license, be renewed from time to time for a like period with such consent as above mentioned upon such terms and conditions as the Local Government may determine.

(3) Every company or person applying for a license shall publish notice of their application by public advertisement in such manner and including such particulars as the Local Government may from time to time direct or approve; and such license shall not be granted by the Local Government until after the expiration of a period of three months from the date of the first publication of such advertisement, nor until opportunity has been given to all parties interested to make representations or objections to the Local Government with reference to the application.

(4) The license may make such regulations as to the limits within which and the conditions under which a supply of electricity is to be compulsory or permissive, and for enforcing the performance by the licensees of their duties in relation to such supply, and for the revocation of the license where the licensees fail to perform such duties, and generally may contain such regulations

and conditions as the Local Government may think expedient.

4. (1) The Local Government may, from time to time, make and when made, may alter or repeal rules under this Act—

- (a) for securing the safety of the public from personal injury or from fire or otherwise,
- (b) in relation to applications for licenses and the payments to be made in respect thereof,
- (c) the publication of notices and advertisements,
- (d) the manner in which and the time within which representations or objections with reference to any application are to be made,
- (e) the holding of local inquiries in such cases as it may think advisable, and
- (f) any other matters arising under this Act.

(2) The Local Government shall, before making or altering rules under this section, publish a draft of the proposed rules or alterations in the *Calcutta Gazette*, and shall specify a date at or after which the draft will be taken into consideration. The Local Government shall receive and consider any objection or suggestion which may be made by any person with respect to the draft before the date so specified.

(3) Every rule made or altered and every repeal under this section shall be published in the *Calcutta Gazette*.

5. (1) The undertakers shall be subject to such conditions as may be inserted in any license affecting their undertaking with regard to the following matters:—

- (a) the limits within which and the conditions under which a supply of electricity is to be compulsory or permissive;
- (b) the securing a regular and efficient supply of electricity;
- (c) the securing the safety of the public from personal injury or from fire or otherwise;
- (d) the limitation of the prices to be charged in respect of the supply of electricity;
- (e) the authorising inspection and enquiry from time to time by such officer as the Local Government may from time to time appoint in that behalf;
- (f) the enforcement of the due performance of the duties of the undertakers in relation to the supply of electricity by the imposition of penalties or otherwise, and the revocation of the license where the undertakers have, in the opinion of the Local Government, practically failed to carry the powers granted to them into effect

within a reasonable time, or discontinued the exercise of such powers; and

- (g) generally with regard to any other matters in connexion with the undertakings:

Provided that a condition for securing the safety of the public from personal injury or from fire or otherwise may at any time be inserted in a license, and when such a condition is contained in any license, the same may be omitted or from time to time altered, and any condition so inserted or altered shall from and after the date thereof have the like effect in every respect as though it had been originally inserted in the license.

(2) The alteration, omission or repeal of any rule or condition under this section shall not affect any liability or penalty incurred in respect thereof prior to the date of such alteration, omission or repeal or any proceeding or remedy which might have been had in relation thereto.

6. The undertakers, under such superintendence as is hereinafter specified, may open and break up the soil and pavement of the several streets and bridges within the area specified in the license granted to them under this Act, and may open and break up any sewers, drains, or tunnels within or under such streets and bridges, and lay down and place within the same area electric lines and other works, and from time to time repair, alter, or remove the same, and for the purposes aforesaid may remove and use all earth and materials in and under such streets and bridges, and they may in such streets erect any pillars, lamps and necessary works and do all other acts which the undertakers shall from time to time deem necessary for supplying electricity to the inhabitants of the area specified in the license granted to them under this Act, doing as little damage as may be in the execution of the powers hereby granted and making compensation for any damage which may be done in the execution of such powers:

Provided always that nothing herein shall authorise or empower the undertakers to lay down or place any electric line or other works, into, through or against any building, or in any land, not dedicated to public use, without the consent of the owners and occupiers thereof; except that the undertakers may at any time enter upon and lay or place any new electric line in the place of an existing electric line in any land wherein any electric line has been already lawfully laid down or placed, and may repair or alter any electric line so laid down.

7. Before the undertakers proceed to open or break up any street, bridge, sewer, drain or tunnel, they shall give to the local authority, company or persons under whose control or management the same may be, or to their clerk, surveyor, or other officer notice in writing of their intention to open or break up the same not less than three clear days before the date upon which they propose beginning such work, except in cases of emergency arising from defects in any of the electric lines or other

works, and then as soon as possible after the beginning of the work or the necessity for the same shall have arisen.

8. No street, bridge, sewer, drain or tunnel shall, except in the cases of emergency aforesaid, be opened or broken up except under the superintendence of the local authority, company or person having the control or management thereof, or of their officer, and only on or from such date and according to such plan as shall be approved of by such local authority, company or person or their officer, or in case of any difference respecting such plan, then according to such plan as shall be determined by the Chief Presidency Magistrate; and the said Magistrate may, on the application of the local authority, company or person having the control or management of any such sewer or drain, or their officer, require the undertakers to make such temporary or other works as they may think necessary for guarding against any interruption of the drainage during the execution of any works which interfere with any such sewer or drain:

Provided always that if the local authority, company or person having such control or management as aforesaid, or their officer, fail to attend at the time fixed for the opening of any street, bridge, sewer, drain or tunnel, after having had such notice of the undertakers' intention as aforesaid, or shall not propose any plan for breaking up or opening the same, or shall refuse or neglect to superintend the operation, the undertakers may perform the work specified in such notice without the superintendence of such local authority, company or person, or their officer.

9. When the undertakers open or break up the road or pavement of any street or bridge, or any sewer, drain or tunnel, they shall, with all convenient speed, complete the work for which the same shall be broken up, and fill in the ground and reinstate and make good the road or pavement, or the sewer, drain or tunnel so opened or broken up, and carry away the rubbish occasioned thereby, and shall at all times, whilst any such road or pavement shall be so opened or broken up, cause the same to be fenced and guarded, and shall cause a light sufficient for the warning of passengers to be set up and maintained against or near such road or pavement where the same shall be open or broken up every night during which the same shall be continued, open or broken up, and shall keep the road or pavement which has been so broken up in good repair for three months after replacing and making good the same, and for such further time, if any, not being more than twelve months in the whole, as the soil so broken up shall continue to subside.

10. If the undertakers open or break up any street or bridge, or any sewer, drain or tunnel, without giving such notice as aforesaid, or at a time or in a manner different from that which shall have been approved of or determined as aforesaid, or without making such temporary or other works as aforesaid when so required, except

Streets, &c., not to be broken up except under superintendence.

shall, except in the cases of emergency aforesaid, be opened or broken up except

in the cases in which the undertakers are hereby authorised to perform such works without any superintendence or notice, or if the undertakers make any delay in completing any such works, or in filling in the ground, or reinstating and making good the road or pavement, or the sewer, drain or tunnel, so opened or broken up, or in carrying away the rubbish occasioned thereby, or if they neglect to cause the place where such road or pavement has been broken up to be fenced, guarded and lighted, or neglect to keep the road or pavement in repair for the space of three months next after the same is made good, or such further time as aforesaid, they shall forfeit to the persons having the control or management of the street, bridge, sewer, drain or tunnel, in respect of which such default is made, a sum not exceeding fifty rupees for every such offence, and they shall forfeit an additional sum not exceeding fifty rupees for each day during which any such delay as aforesaid shall continue after they shall have received notice thereof.

11. If any such delay or omission as aforesaid take place, the local authority, company or person having the control or management of the street, bridge, sewer, drain or tunnel in respect of which such delay or omission shall take place, may cause the work so delayed or omitted to be executed, and the expense of executing the same shall be repaid to such person by the undertakers.

12. Nothing in this Act shall authorise or empower the undertakers to break up any street, railway or tramway without the consent of the authority, company, or person, by whom such street, railway or tramway is repairable, unless in pursuance of special powers in that behalf inserted in the license or with the written consent of the Local Government; and the Local Government shall not in any case insert any such special powers in any license or give any such consent until notice has been given to such authority, company or person, by advertisement or otherwise as the Local Government may direct, and an opportunity has been given to such authority, company or person to state any objections they may have thereto.

13. Notwithstanding anything in this Act, the undertakers shall not be authorised to place any electric line above ground, along, over, or across any street without the express consent of the Local Government, and the Local Government may require the undertakers to forthwith remove any electric line placed by them contrary to the provisions of this section, or may cause the same to be removed and recover the expenses of such removal from the undertakers in manner hereinafter specified; and where any electric line has been placed above ground by the undertakers in any position, the Chief Presidency Magistrate, upon complaint made, if of opinion that such electric line is, or is likely to become, dangerous to the public safety, may, notwithstanding any such consent as aforesaid, make an order directing and authorising the removal of such electric line by such person and upon such terms as such Magistrate may think fit.

Restriction on breaking up streets, railways and tramways.

empower the undertakers to break up any street, railway or tramway without

Restrictions as to above-ground works.

the undertakers shall not be authorised to place any electric line above ground, along, over, or across any street without the express consent of the Local Government, and the Local Government may require the undertakers to forthwith remove any electric line placed by them contrary to the provisions of this section, or may cause the same to be removed and recover the expenses of such removal from the undertakers in manner hereinafter specified; and where any electric line has been placed above ground by the undertakers in any position, the Chief Presidency Magistrate, upon complaint made, if of opinion that such electric line is, or is likely to become, dangerous to the public safety, may, notwithstanding any such consent as aforesaid, make an order directing and authorising the removal of such electric line by such person and upon such terms as such Magistrate may think fit.

14. Subject to the provisions of this Act and of the license authorising them to supply electricity, the undertakers may alter the position of any pipes or wires being under any street or place authorised to be broken up by them which may interfere with the exercise of their powers under this Act on previously making or securing such compensation to the owners of such pipes or wires, and on complying with such conditions as to the mode of making such alterations as may be agreed upon between the undertakers and owners, or in case of difference as may be determined in manner prescribed by the license authorising the undertakers to supply electricity, or when no such manner is prescribed as may be determined by arbitration, and any local or other public authority, company or person may, in like manner, alter the position of any electric lines or works of the undertakers, being under any such street or place as aforesaid which may interfere with the lawful exercise of any powers vested in such local or other public authority, company or person in relation to such street or place, subject to the like provisions, conditions and restrictions as are in this section contained with reference to the alteration of the position of any pipes or wires by the undertakers.

15. In the exercise of the powers in relation to the execution of works given them under this Act or any license, the undertakers shall cause as little detriment and inconvenience, and do as little damage as may be, and shall make full compensation to all bodies and persons interested for all damage sustained by them by reason or in consequence of the exercise of such powers, the amount and application of such compensation in case of difference to be determined by arbitration.

16. The undertakers shall not be entitled to prescribe any special form of lamp or burner to be used by any consumer, or in any way to control or interfere with the manner in which electricity supplied by them under the Act and any license is used :

Provided always that no consumer shall be at liberty to use any form of lamp or burner, or to use the electricity supplied to him for any purpose, or to deal with it in any manner, so as to unduly or improperly interfere with the supply of electricity supplied to any other consumer by the undertakers, and if any dispute or difference arises between the undertakers and any consumer as to the matters aforesaid, such dispute or difference shall be determined by arbitration :

Provided also that no lamps or electric fittings shall be added or reduced without due notice being given to the undertakers to enable them to inspect the wires and make such alterations as shall be absolutely necessary.

17. Where a supply of electricity is provided in any part of an area for private purposes, then, except in so far as it is otherwise provided by the terms of the license authorising such supply, every company or person within

that part of the area shall, on application, be entitled to a supply on the same terms on which any other company or person in such part of the area is entitled under similar circumstances to a corresponding supply.

18. The undertakers shall not, in making any agreements for a supply of electricity, show any undue preference to any local authority, company or person, but, save as aforesaid, they may make such charges for the supply of electricity as may be agreed upon, not exceeding the limits of price imposed by or in pursuance of the license authorising them to supply electricity.

19. If any local authority, company or person neglect to pay any charge for electricity or any other sum due from them to the undertakers in respect of the supply of electricity to such local authority, company or person, the undertakers may cut off such supply, and for that purpose may cut or disconnect any electric line or other work through which electricity may be supplied, and may, until such charge or other sum, together with any expenses incurred by the undertakers in cutting off such supply of electricity as aforesaid, are fully paid, but no longer, discontinue the supply of electricity to such local authority, company or person.

20. If any person supplied with electricity or with any electrical meter or fittings by the undertakers, neglects to pay to the undertakers the rent due for such electricity, or the rent or money due to the undertakers for the hire or fixing of such meter, or any expenses lawfully incurred by the undertakers in cutting off the electricity from the premises of such person, the undertakers may recover the sum so due with full costs of suit in any Court of competent jurisdiction.

21. In case any consumer of electricity supplied by the undertakers leaves the premises where such electricity has been supplied to him, without paying the electricity rent, or meter rent due from him, the undertakers shall not be entitled to require from the next tenant of such premises the payment of the arrears left unpaid by the former tenant, unless such incoming tenant has undertaken with the former tenant to pay or exonerate him from the payment of such arrears.

22. Any person duly authorised by the undertakers may at all reasonable times enter any premises to which electricity is or has been supplied by the undertakers, in order to inspect the electric lines, meters, accumulators, fittings, works and apparatus for the supply of electricity belonging to the undertakers, and for the purpose of ascertaining the quantity of electricity consumed or supplied, or where a supply of electricity is no longer required, or where the undertakers are authorised to take away and cut off the supply of electricity from any premises for the purpose

of removing any electric lines, accumulators, fittings, works or apparatus belonging to the undertakers, repairing all damage caused by such entry, inspection or removal.

23. Where any electric lines, meters, accumulators, fittings, works or apparatus belonging to the undertakers are placed in or upon any premises not

Electric lines, &c., not to be subject to distress in certain cases.

being in the possession of the undertakers for the purpose of supplying electricity under this Act, or any license, such electric lines, meters, accumulators, fittings, works or apparatus shall not be subject to distress or to the lessor's remedy for rent of the premises where the same may be, nor be taken in execution under any process of the Civil Court or any proceedings in insolvency against the person in whose possession the same may be.

24. (1) No alteration in any telegraph line shall

authority.

be made by the undertakers except subject to the sanction of the telegraph authority.

(2) The undertakers shall not, in the exercise of the powers conferred by this Act or by any license, lay down any electric line, or do any other work for the supply of electricity, whereby any telegraph line is, or may be, injuriously affected, and before any such electric line is laid down or work is done within ten yards of any part of a telegraph line (other than repairs or the laying of connections with mains where the direction of the electric lines so laid down crosses a telegraph line at right angles at the point of shortest distance, and continues the same for a distance of six feet on each side of each point), the undertakers or their agents, not more than twenty-eight nor less than seven clear days before commencing such works, shall give written notice to the telegraph authority specifying the course, and the nature of the work including the gauge of any electric lines, and the undertakers and their agents shall conform with such reasonable requirements, either general or special, as may from time to time be made by the telegraph authority for the purpose of preventing any telegraph from being injuriously affected by the said work. Any difference which arises between the telegraph authority and the undertakers or their agents, with respect to any requirements so made, shall be determined by the Local Government, and the order of the Local Government shall be final.

(3) In the event of any contravention of, or wilful non-compliance with, this section by the undertakers or their agents, the undertakers shall be liable to a fine not exceeding one hundred rupees for every day during which such contravention or non-compliance continues, or if the telegraphic communication is wilfully interrupted, not exceeding five hundred rupees for every day on which such interruption continues:

Provided that nothing in this section shall subject the undertakers or their agents to a fine under this section, if they satisfy the Court trying the case that the immediate execution of the work

was required to avoid an accident, or otherwise was a work of emergency, and that they forthwith served on the telegraph authority a notice of the execution of the work, stating the reason for executing the same without previous notice.

(4) For the purposes of this section a telegraphic line shall be deemed to be injuriously affected by a work if telegraphic communication by means of such line is, whether through intention or otherwise, in any manner affected by such work, or by any use made of such work.

25. Whoever shall lay or cause to be laid any

Fraudulently using the electric line or other work electricity of the undertakers.

to communicate with any electric line or other work belonging to the undertakers without their consent, or shall fraudulently injure any meter employed for ascertaining the quantity of electricity consumed or supplied, or shall otherwise improperly use the electricity of the undertakers, shall pay to the undertakers a sum not exceeding fifty rupees for every such act, and also a sum not exceeding twenty rupees for every day such electric line or other work shall so remain, or such improper use shall be continued, and the sums so payable as aforesaid shall be recoverable in the manner hereinafter specified; and the undertakers may disconnect any electric line or other work so improperly used as aforesaid.

26. (1) Whoever unlawfully and maliciously

Punishment for injuring cuts or injures any electric works with intent to line or work with intent to cut off supply. cut off any supply of electricity shall be punished with imprisonment of either description for a term which may extend to two years, or with fine which may extend to five hundred rupees, or both:

Provided that nothing herein contained shall affect any damages or injunctions which may be decreed by a Court of Civil Judicature.

(2) Whoever attempts to commit the offence

Punishment for attempt. punishable by sub-section (1) or to cause such offence to be committed, and in such attempt does any act towards the commission of the offence, shall be punished with imprisonment with or without hard labour for a term which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

(3) Whoever maliciously or fraudulently

Theft of electricity. abstracts, causes to be wasted or diverted, consumes or uses any electricity, shall be guilty of theft within the meaning of the Indian Penal Code, and punishable accordingly.

(4) Nothing in this Act shall prevent a person

Saving of prosecutions. from being prosecuted under any other law for any act or omission which constitutes an offence against this Act, or the rules made under it, or from being liable under that other law to any other or higher punishment or penalty than that provided by this Act, or the rules made under it:

Provided that a person shall not be punished twice for the same offence.

27. Where any sums, damages, costs or expenses are by this Act directed to be paid, the amount, if not exceeding two thousand rupees, and, if necessary, the apportionment of the same in case of dispute, shall be ascertained and determined by a Court of Small Causes.

Damages, costs and expenses under Rs. 2,000 how to be determined.

28. If the amount so found to be due, including the costs, be not paid by the party liable to pay the same within seven days after demand, such amount may be recovered, under a warrant of Court by distress and sale of the moveable property of such party, and the surplus arising from the sale thereof, after satisfying such amount and the costs of the distress and sale, shall be returned on demand to the party whose property has been distrained.

Recovery of damages, &c., by distress.

29. Every notice which the undertakers are by this Act required to serve upon any person shall be served by being delivered to the person for whom it is intended, or by being left at his usual or last known place of abode, or sent by post addressed to such person, or if such person or his address be not known to the undertakers and cannot after due enquiry be found or ascertained, then by being affixed for three days to some conspicuous part of the premises to which such notice relates.

30. Any summons issued for any of the purposes of this Act may contain in the body thereof or in a schedule thereto several names and several sums.

Contents of summons.

31. Where any matter is by this Act or any license directed to be determined by arbitration, such matter shall, except as otherwise expressly provided, be determined by an engineer or other fit person to be nominated as arbitrator by the Local Government on the application of either party, and the expenses of the arbitration shall be borne and paid as the arbitrator directs.

Arbitration.

32. No judicial officer shall be disqualified from acting in the execution of this Act by reason of his being liable to the payment of any electricity, rent, or other charge under this Act.

Liability for electricity rent not to disqualify judicial officer from acting.

33. The Local Government may, by notification in the *Calcutta Gazette*, extend, on or from a date to be specified in the notification, this Act to the Municipality of Howrah, and thereafter the Act shall be construed as if in section 1 (6), and in section 3 after the word "Calcutta" the words "and Howrah," in sections 7 and 12 after the words "Chief Presidency Magistrate" the words "or the District Magistrate," in section 26, after the words "Court of Small Causes" the words "or the Court of a Munsif," and in section 30, after the word "Causes" the words "or a Munsif" had been inserted.

Power to extend Act to Howrah.

STATEMENT OF OBJECTS AND REASONS.

THE Government has at present no power to grant a license or provisional order for the supply of electricity. The Indian Telegraph Act, 1885, under which licenses have been granted to Telephone Companies, deals only with appliances for making communications by means of electricity. Act No. XIII of 1887 is an Act to provide for the protection of person and property from the risks incident to the supply and use of electricity, but it does not provide for the grant of licenses. Nor does it provide for many other matters which are essential for the protection of undertakers from undue interference or restraint and the public from excessive charges and undue preference. These matters cannot be satisfactorily arranged without legislation. It is necessary to provide by legislation that those who undertake to supply electricity and cannot do so without overriding public and local rights, shall be enabled to do so under certain conditions and subject to legislative restrictions.

The object of the present Bill is to enable the Government of Bengal to grant licenses for the supply of electricity within any part of Calcutta. The Bill closely follows the Electric Act of 1882 (44 and 45 Vict., Chap. 56), but as it is intended to empower the Local Government to grant licenses only, every reference to "provisional orders" and "special Acts" has been omitted. The Local Government is substituted for the Board of Trade throughout. The definition of Calcutta is taken from the Calcutta Municipal Act of 1884, but power is given in the Bill for extending its provisions to the Howrah Municipality. The necessary power for breaking up streets, &c., for the purpose of supplying electricity within the area specified in the license have been adopted for the most part from the Gas Works Clauses Act of 1871.

No. VIII of 1895.

THE following Bill was introduced, read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations, and referred to a Select Committee, on the 6th July, 1895, and is hereby published, with the Statement of Objects and Reasons, for general information:—

A Bill to further amend the Calcutta Port Act, 1890.

Whereas it is expedient to further amend the Calcutta Port Act, 1890;
It is hereby enacted as follows:—

1. (1) This Act shall be read with, and taken part of, the Calcutta Port Act, 1890.
- (2) It shall come into force from the date on which it may be published in the *Calcutta Gazette*, with the assent of the Governor-General.
2. In sub-section (2), section 35, and in Amendment of sections sections 105 and 126, for the word "tramways," wherever it occurs, the word "railways" shall be substituted.

3. After section 66, the following sections shall be inserted:—

"66A. Whenever any land belonging to the Commissioners is lot out to tenants who erect any building or structure thereon, the annual value of such building or structure, when erected, shall be determined in accordance with the provisions of section 122 of the Calcutta Municipal Consolidation Act, 1888, quite irrespective of the value of the land on which it stands. The entire consolidated rate in respect of such building or structure payable to the Corporation of Calcutta shall be paid by the owner thereof in accordance with the provisions of the Calcutta Municipal Act; and for the recovery of such sum the Commissioners of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Municipal Act.

"66B. Whenever a rate is imposed under the last preceding section upon any building or structure erected on land belonging to the Commissioners, the Commissioners may recover from the owner of the structure half the consolidated rate paid by them for the land on which the structure stands. For the purpose of recovering such rate the Commissioners shall have the same remedies, powers, rights and authorities as if such rate were rent payable to them."

STATEMENT OF OBJECTS AND REASONS.

THE Port Commissioners of Calcutta are possessed of a large amount of land adjoining their foreshore, which they have leased out, and upon which the lessees have erected shops, warehouses and tiled huts. This land, having been valued and assessed under section 59 of the Calcutta Port Act, 1890, cannot be revalued or re-assessed, and the buildings thereon cannot be valued or assessed under the Calcutta Municipal Consolidation Act, 1888. The lessees therefore escape assessment to municipal taxation in respect of these buildings. The Bill adds to the Calcutta Port Act sections enabling the annual value of the buildings and the consolidated rate payable to the Corporation of Calcutta in respect of them to be determined in accordance with the provisions of section 122 of the Calcutta Municipal Act, 1888, and recovered by the Corporation under that Act. The Port Commissioners are also enabled to recover from the owners of the buildings half the consolidated rate paid by the Commissioners to the Corporation of Calcutta for the land on which they stand.

The opportunity has been taken to amend section 35 (2) and sections 105 and 126 of the Act which only empower the Commissioners to construct "Tramways," although, so long ago as 1880, a notification was issued by the Government of India under the Indian Railway Act of 1879, sanctioning the use of locomotive engines on "the railway belonging to the Commissioners for making Improvements in the Port of Calcutta."

Pile (West sand) light temporarily replaced by a light-vessel with flashing light.

THE British Admiralty has given notice (No. 268 of 1895) that on 29th March 1895, Pile (West sand) light (*fixed red and white*), at the west side of the northern entrance to West channel, port Phillip, would be temporarily discontinued, and replaced during repairs by a light-vessel.

This light-vessel shows a *flashing white* light, elevated 40 feet above the sea, and visible from a distance of 10 miles in clear weather; is painted red, and has one mast surmounted by a ball.

Approximate position, lat. 38° 11½' S., long. 144° 45½' E.

Also that during thick or foggy weather, a gong and a fog horn, on board this light-vessel, will be sounded alternately *every five minutes*.

Vessels should pass eastward of the light-vessel.

Sunken rock in Steeple channel.

THE British Admiralty has given notice (No. 271 of 1895) that information has been received from the Japanese Government of the existence of a rock (on which the Japanese vessel of war *Yoshino* struck), with a depth of 2 fathoms on it, lying with Steeple island summit, bearing S. by W. $\frac{1}{4}$ W. (S. 14° W.), distant $2\frac{1}{6}$ miles; and south-west extreme of Paohau island N.W. (N. 45° W.).

Approximate position, lat. $23^{\circ} 19' 40''$ N., long. $119^{\circ} 30' 35''$ E.

A shoal, with a depth of 5 fathoms on it, lies N. W. by W. $\frac{1}{4}$ W. (N. 59° W.), distant 4 cables from the above (Yoshino) rock.

EASTERN ARCHIPELAGO—SURABAYA STRAIT.

Buoyage of new channel in East gat.

WITH reference to Notice to Mariners No. 62, dated the 19th April 1895, issued by this office, the British Admiralty has given further notice (No. 272 of 1895) that the buoyage of the East gat new channel, which lies about a mile eastward of the old channel and has a least depth of $13\frac{1}{2}$ feet in it, has been carried out, as far as relates to shape, in accordance with the Uniform System of Buoyage adopted in the Netherlands East Indies; that is, the starboard side of the channel, entering from the southward, is marked by conical (nun) buoys, painted white, every other buoy surmounted by a ball; and the port side by can (truncated) buoys, painted black, every other buoy surmounted by a truncated cone; of these, two on each side are light buoys.

The outer buoy of the East gat is a black conical buoy, surmounted by two balls, and with the words *Uiterton Oostgat Soerabaja* on it in white letters, moored westward of the Pilot vessel, approximately in lat. $7^{\circ} 23' 45''$ S., long. $112^{\circ} 56' 50''$ E.

The outer (southern) starboard hand buoy is a white light buoy, numbered 1, showing a white light visible from a distance of 5 miles; and moored with the entrance of river Tambak Oso bearing W. $\frac{1}{4}$ S., distant $5\frac{1}{2}$ miles; and Pilot vessel about S.E. $\frac{1}{4}$ S.

The outer (southern) port hand buoy is a black can buoy, numbered 1, surmounted by a truncated cone, and moored with the entrance of river Tambak Oso bearing W. $\frac{1}{4}$ N., distant $5\frac{1}{6}$ miles; and No. 1 white light buoy N. $\frac{1}{4}$ E.

The whole of the changes are too great to particularize in a Notice to Mariners, but they have all been placed on Admiralty Chart, with plan of Surabaya strait, No. 984; and Mariners are recommended to obtain a copy of that chart, with large corrections to May 1895.

Submarine mines removed.

WITH reference to Notice to Mariners, No. 211, dated 2nd November 1894, issued by this office, the British Admiralty has given further notice (No. 278 of 1895) that the submarine mines in the gulf of Tokio have been removed, and the special regulations with respect to the Pilot vessel have been annulled:—

Consequently, the sector of red light, visible from S. 12° E. to S. 17° E., shown from a lighthouse at Hashirimidzu (Hasiri mizu) has been discontinued.

Approximate position, lat. $35^{\circ} 15' 55''$ N., long. $139^{\circ} 43' 40''$ E.

And the two buoys, one conical, black and white horizontal stripes; the other conical, red; moored respectively N. 12° W., $1\frac{1}{2}$ miles, and N. 12° W., 5 miles, from the above lighthouse, have been withdrawn.

NEW ZEALAND—SOUTH ISLAND—CURRENT BASIN.

Buoy placed southward of Piége (Beef Barrels) rocks.

THE British Admiralty has given notice (No. 280 of 1895) that a survey has recently been made of the vicinity of Piége (Beef Barrels) rocks, with the undermentioned result:—

1. A rock, with less than 6 feet water on it, lies W. by S. $\frac{1}{2}$ S. (S. 69° W.), distant $1\frac{1}{10}$ cables, from the largest (northern) Piége rock; there are depths of 6 to 9 fathoms half-a-cable westward of this rock.
2. A rock, with less than 6 feet water on it, lies S.W. by S. (S. 34° W.), distant $2\frac{1}{2}$ cables, from the largest Piége rock; there are depths less than 5 fathoms for a cable south-westward of this rock, deepening to 10 fathoms beyond, and shallow water between it and the Piége rocks.
3. Foul ground, with depths of 2 to $4\frac{1}{2}$ fathoms on it, extends 3 cables S.E. by S., and nearly $2\frac{1}{2}$ cables eastward, from the largest Piége rock; the 5 fathoms line is about a cable to the northward of the Piége rock; to the north-westward the limit of shoal water has not been determined, but there are rocks with less than 6 feet water on them for about $1\frac{1}{2}$ cables in that direction.

In bad weather the sea breaks on all the above rocks, most heavily on those stretching to the south-westward.

A red buoy has been moored with the largest Piége rock bearing N. $\frac{1}{2}$ W., distant $2\frac{6}{10}$ cables; and Hole in rock point E. $\frac{1}{4}$ N.

Approximate position, buoy, lat. $40^{\circ} 57' 50''$ S., long. $173^{\circ} 47' 50''$ E.

BORNEO, EAST COAST—STRAIT OF MAKASSAR.

Sand islet south-eastward of Lumo Lumo.

THE British Admiralty has given notice (No. 311 of 1895) that the Master of the United States ship *Sachem* reports that, at 2 P.M., 21st October 1894, he passed a small sand islet, 8 to 10 feet high, with breakers extending some distance from its south end, lying about E.S.E., distant 11 miles, from Winchester rock.

Approximate position, to be considered doubtful, lat. $3^{\circ} 5' S.$, long. $117^{\circ} 43' E.$

NOTE.—The description of this sand islet corresponds somewhat with that given of Larian in Sailing Directions for the Eastern Archipelago, Part II, 1893, and it is possible that Larian is not marked in its correct position on Admiralty Chart No. 2637.

EASTERN ARCHIPELAGO—SURABAYA STRAIT.

Buoyage of new channel in East gat.

WITH reference to Notice to Mariners No. 62, dated the 19th April 1895, issued by this office, the British Admiralty has given further notice (No. 272 of 1895) that the buoyage of the East gat new channel, which lies about a mile eastward of the old channel and has a least depth of $13\frac{1}{2}$ feet in it, has been carried out, as far as relates to shape, in accordance with the Uniform System of Buoyage adopted in the Netherlands East Indies; that is, the starboard side of the channel, entering from the southward, is marked by *conical* (nun) buoys, painted white, every other buoy surmounted by a ball; and the port side by *can* (truncated) buoys, painted black, every other buoy surmounted by a truncated cone; of these, two on each side are *light* buoys.

The outer buoy of the East gat is a black *conical* buoy, surmounted by two balls, and with the words *Uiterton Oostgat Soerabaja* on it in white letters, moored westward of the Pilot vessel, approximately in lat. $7^{\circ} 23' 45''$ S., long. $112^{\circ} 56' 50''$ E.

The outer (southern) starboard hand buoy is a white *light* buoy, numbered 1, showing a white light visible from a distance of 5 miles; and moored with the entrance of river Tambak Oso bearing W. $\frac{3}{4}$ S., distant $5\frac{1}{2}$ miles; and Pilot vessel about S.E. $\frac{1}{4}$ S.

The outer (southern) port hand buoy is a black *can* buoy, numbered 1, surmounted by a truncated cone, and moored with the entrance of river Tambak Oso bearing W. $\frac{1}{8}$ N., distant $5\frac{4}{10}$ miles; and No. 1 white *light* buoy N. $\frac{1}{4}$ E.

The whole of the changes are too great to particularize in a Notice to Mariners, but they have all been placed on Admiralty Chart, with plan of Surabaya strait, No. 984; and Mariners are recommended to obtain a copy of that chart, with large corrections to May 1895.

Buoy placed southward of Piége (Beef Barrels) rocks.

THE British Admiralty has given notice (No. 280 of 1895) that a survey has recently been made of the vicinity of Piége (Beef Barrels) rocks, with the undermentioned result:—

1. A rock, with less than 6 feet water on it, lies W. by S. $\frac{1}{2}$ S. (S. 69° W.), distant $1\frac{1}{10}$ cables, from the largest (northern) Piége rock; there are depths of 6 to 9 fathoms half-a-cable westward of this rock.
2. A rock, with less than 6 feet water on it, lies S.W. by S. (S. 34° W.), distant $2\frac{1}{4}$ cables, from the largest Piége rock; there are depths less than 5 fathoms for a cable south-westward of this rock, deepening to 10 fathoms beyond, and shallow water between it and the Piége rocks.

3. Foul ground, with depths of 2 to $4\frac{1}{2}$ fathoms on it, extends 3 cables S.E. by S., and nearly $2\frac{1}{2}$ cables eastward, from the largest Piége rock; the 5 fathoms line is about a cable to the northward of the Piége rock; to the north-westward the limit of shoal water has not been determined, but there are rocks with less than 6 feet water on them for about $1\frac{1}{2}$ cables in that direction.

In bad weather the sea breaks on all the above rocks, most heavily on those stretching to the south-westward.

A red buoy has been moored with the largest Piége rock bearing N. $\frac{1}{2}$ W., distant $2\frac{3}{4}$ cables; and Hole in rock point E. $\frac{1}{2}$ N.

Rock in Pulo Laut strait.

THE British Admiralty has given notice (No. 305 of 1895) of the existence of a rock situated in Pulo Laut strait, south-east coast of Borneo.

This rock, on which there is a depth of 12 feet, is 100 feet long in a north and south direction and 35 feet wide; it lies in the fairway between Suangi and Tampakan islands. From the rock, the south point of Burung island bears S. 82° W., distant 1½ miles, and the west extreme of Tampakan island N. 8° E.

The small black sun buoy in the fairway northward of Suangi island has been shifted to mark the above danger.

Buoyage of new channel in East gat.

With reference to Notice to Mariners No. 62, dated the 19th April 1895, issued by this office, the British Admiralty has given further notice (No. 272 of 1895) that the buoyage of the East gat new channel, which lies about a mile eastward of the old channel and has a least depth of $13\frac{1}{2}$ feet in it, has been carried out, as far as relates to shape, in accordance with the Uniform System of Buoyage adopted in the Netherlands East Indies; that is, the starboard side of the channel, entering from the southward, is marked by conical (nun) buoys, painted white, every other buoy surmounted by a ball; and the port side by can (truncated) buoys, painted black, every other buoy surmounted by a truncated cone; of these, two on each side are light buoys.

The outer buoy of the East gat is a black conical buoy, surmounted by two balls, and with the words *Uiterton Oostgat Soerabaja* on it in white letters, moored westward of the Pilot vessel, approximately in lat. $7^{\circ} 23' 45''$ S., long. $112^{\circ} 56' 50''$ E.

The outer (southern) starboard hand buoy is a white light buoy, numbered 1, showing a white light visible from a distance of 5 miles; and moored with the entrance of river Tambak Oso bearing W. $\frac{1}{2}$ S., distant $5\frac{1}{2}$ miles; and Pilot vessel about S.E. $\frac{1}{4}$ S.

The outer (southern) port hand buoy is a black can buoy, numbered 1, surmounted by a truncated cone, and moored with the entrance of river Tambak Oso bearing W. $\frac{1}{2}$ N., distant $5\frac{1}{4}$ miles; and No. 1 white light buoy N. $\frac{1}{4}$ E.

The whole of the changes are too great to particularize in a Notice to Mariners, but they have all been placed on Admiralty Chart, with plan of Surabaya strait, No. 934; and Mariners are recommended to obtain a copy of that chart, with large corrections to May 1895.

Breakwater.

A breakwater runs out from Manora Point in a S. by E. direction to a distance of 1,500 feet into 5 fathoms of water and affords complete shelter to the entrance channel during the South-West Monsoon; also a channel has been opened through the entrance, and is marked in accordance with the universal system of buoyage.

Red Light.

A red light of the all-round anchor pattern of ship's light is exhibited at the extreme end of the breakwater, brightly visible in clear weather five nautical miles, and at least half that distance during the South-West Monsoon.

The height of this light is $54\frac{1}{2}$ feet above mean sea level, and it is maintained throughout the year.

Electric Light.

An electric light is used for working steamers alongside the pier and wharves. The height above mean sea level is $67\frac{1}{2}$ feet, and would be visible from the westward about 15 miles. The position of this light being north $1\frac{1}{2}$ miles from the light-house on Manora, Commanders of vessels are warned not to mistake it for the fixed light.

Signals for Vessels arriving off the Port.

Mail steamers arriving off the Port at night should burn two blue lights in quick succession, other vessels one or two at intervals of two minutes. During the fair season Pilots will board, but during the monsoon they must keep off the Port until daylight."

Susu—Amended particulars of Deli rock and other rocks.

THE British Admiralty has given notice (No. 447 of 1895) that the undermentioned particulars of dangers in Susu Bay are the result of a recent survey of the locality by the Netherlands Surveying vessel *Benkoelen* :—

1. Deli rock has a least depth of $3\frac{1}{2}$ fathoms on it, and lies with Ujong Seranga bearing N.E. by E. $\frac{1}{2}$ E. (N. 64° E.), distant $6\frac{1}{2}$ cables; and Gulau Kayu N. by E. $\frac{1}{2}$ E. (N. 17° E.); or approximately in lat. $3^{\circ} 42' 50''$ N., long. $96^{\circ} 45' 30''$ E.

This position is about a quarter of a mile, S.W. by S., from where the rock was previously charted.

2. A reef, with a depth of $3\frac{1}{2}$ fathoms on it, lies with Ujong Seranga bearing N.E. $\frac{1}{4}$ N. (N. 39° E.), distant $4\frac{1}{2}$ cables; and Gulau Kayu N. by W. $\frac{1}{2}$ W. (N. 16° W.).

Two rocks, one with a depth of $3\frac{1}{2}$ fathoms on it, the other with $4\frac{1}{2}$ fathoms, lie S.S.W. W. (S. 32° W.), distant $1\frac{1}{10}$ and $3\frac{1}{4}$ cables respectively from reef (2).

AUSTRALIA—TORRES STRAIT.

Reported dangers west and south of Mulgrave island and reported dangers south-west of Woody Wallis island, Endeavour strait.

THE Port Master, Brisbane, has given notice (No. 11 of 1895) that Captain Michael, of the pearling schooner "Olive," reports as follows, viz:—

That a rocky patch awash at L.W.S. exists in the following approximate position:—

Latitude	10° 6' 50" S.
Longitude	142° 3' 55" E.

Asp Rock bearing S. 32° W., distant $\frac{1}{10}$ mile.

That there are two (2) small islets midway between Green Island and Rugged Point, Mulgrave Island, lying N.W. and S.E. from each other $\frac{1}{10}$ mile apart, and one small islet lying $\frac{1}{10}$ mile east from Rugged Point; also, that two small rocks exist lying S. 51° E., distant $\frac{1}{10}$ mile, and S. 42° E., distant $\frac{1}{10}$ mile from the nearest extreme of Rugged Point, none of which appear on the charts.

That shoal water was found S.W. of Woody Wallis Island, Endeavour strait, in the unsurveyed area, several sandy shoals, with not more than 9 feet over them, being discovered. The approximate position of two of these patches is as follows, viz:—

South extreme of Woody Wallis Island bearing N. 61° E., 2 $\frac{1}{2}$ miles.

South extreme of Woody Wallis Island bearing N. 51° E., 1 $\frac{1}{2}$ mile.

Mariners are hereby cautioned to exercise great care in these localities.
